

**Thank you for supporting RegionReady.ca**

The COVID-19 outbreak is placing unprecedented demand on so many hospitals across the country, including those you rely on here at home. Though the Canadian government has extended extra funding to help diagnose and treat those requiring urgent care, your further financial support is needed to allow a quick response to crucial needs.

Thanks to your contribution to the joint fund, Waterloo Region hospitals will be prepared to respond consistently and effectively to the needs of your family, friends and neighbours who require medical care during this time of crisis.

You have our assurance that your donation will be disbursed to the areas of greatest need in the region to support the purchase of equipment, beds and supplies urgently required at this critical time.

Thank you, and please take care.
