Hello,

This email is to inform all ABSI employees that the W2s for our Company which are currently available on ADP's website has an incorrect EIN in Box b.

ADP will correct this error in the next few weeks. In the meantime, these W2s can still be used to prepare your 2020 tax returns if you file electronically. Please enter our EIN Number as **31-1604561** in your tax software instead of using the number shown in Box b of these W2. The rest of the information is correct and can be entered normally.

It is very important that you do not use the EIN currently printed on W2. If you do this, your return will be rejected by the IRS. To avoid having your return rejected, you must show **31-1604561** as our EIN number on your return.

We are very sorry for this inconvenience due to ADP. They are the world's number one payroll processing company and not sure, how they messed up. If you have any questions, please contact support@absi-usa.com

Thank you,
Support Team
