May 2020

* The Affordable Care Act ("ACA") generally requires individuals to maintain "minimum essential coverage" or be subject to the payment of the annual shared responsibility payment with the payment of their taxes to the federal government from 2014 – 2018. Congress eliminated the shared responsibility payment in 2019 and beyond for individuals who do not maintain ACA "minimum essential coverage" during 2019 or any year thereafter.

PREMIERCHOICE SPECIFIED DISEASE/SICKNESS, PREMIERCHOICE ACCIDENT, PREMIERCHOICE HEALTH AND WELLNESS, MEDGUARD- 5 Year Term to age 70 with ADB, , PREMIERMED are considered "excepted benefit plans" under the ACA and are not considered "minimum essential coverage" plans under the ACA.
