Instructions for the Recipient

Retain This Copy for Your Records. This is important tax information and is being furnished to the Internal Revenue Service (IRS). If the IRS determines that this income has not been reported and you are required to file a federal return, a negligence penalty or other sanction may be imposed on you by the IRS.

Box 2. The amount shown in box 2 may be taxable on your 2020 federal income tax return if you deducted state and local income tax paid on Schedule A of your 2019 federal return. See the federal return instructions to determine if some or all of this amount is taxable.

Note: The amount in box 2 may not match the amount of your actual refund received because of all or some of your overpayment was used to pay for certain items.

Example. Box 2 shows \$1,000, but only an \$800 refund was received. The difference resulted from using \$200 of the overpayment to offset the use tax liability reported on the Nebraska return.

Items that may have been deducted from the Box 2 amount to reach the amount refunded may include:

- Use tax;
- Payments applied to your 2020 estimated tax;
- Wildlife Conservation Fund donations of \$1 or more;
- Collection of a debt owed by a parent in which rights to either some or all child, spousal, or medical support payments have been assigned to the State;
- Delinquent federal tax liability; and
- Debts owed to the State or any of its political subdivisions.
