Account 101769347

2020 1099-B* OMB No. 1545-0715

Sales transactions are organized into sections according to term (long, short or undetermined) and covered status (covered or noncovered). For tax lots whose term is undetermined, use your historical documents to establish the cost basis and date of purchase. The Box 12, basis is reported to the IRS indicator checkmark, is reflected as being checked in the title of the covered securities pages of Forms 1099-B, short-term and long-term. The title pages of the noncovered securities pages for Forms 1099-B reflect that Box 12 is not being checked, as these securities are not being reported to the IRS

Several columns include both an amount and a qualifying notation to its right. Where proceeds are the result of an option exercise or assignment, there is indication of whether the amount is N (net of option premium) or G (Gross). Accrued market discount and wash sale loss disallowed appear in the same column, identified by the letters D or W, respectively. Where you are not permitted to recognize a loss, an indication of X (change in control or capital structure) or Z (other corporate action) is used. The change in control condition is reported to the IRS for covered lots. Neither the disallowance of loss due to a corporate action nor the amount of gain or loss is reported to the IRS in any instance.

Some tax lots may have notations in the column of Additional Information because they require special treatment on your tax returns. Sales of securities such as Contingent Payment Debt Instruments (CPDI) are marked as "Ordinary" because gains and losses on these instruments generally do not qualify as short- or long-term capital transactions. Similarly, lots noted as "3 - [X] Collectible" are handled distinctly under the tax code. These conditions are reported to the IRS. You may wish to consult with your tax advisor, the IRS or your state tax authority regarding the proper treatment for these scenarios. With further regard to Box 3, there is also a checkmark to indicate the proceeds of sale are from a Qualified Opportunity Zone Fund investment - a QOF. If the proceeds are from a QOF the Additional Information column will reflect the following - "3 - [X] Proceeds from QOF." The tax treatment for QOF investments can be complex and you may wish to consult your tax advisor about such sales.

Closing of written options is presented in a distinct manner in accordance with IRS regulation. For these transactions the Cost or other basis (column 1e) is always presented as \$0.00 and the Proceeds (column 1d) is the net of the amount received when the option was written and the cost to close the position.
