Proceeds from Broker and Barter Exchange Transactions

02/14/2021

Sales transactions are organized into sections according to term (long, short or undetermined) and covered status (covered or noncovered). For tax lots whose term is undetermined, use your historical documents to establish the cost basis and date of purchase. The Box 12, basis is reported to the IRS indicator checkmark, is reflected as being checked in the title of the covered securities pages of documents to establish the cost basis and date of purchase. The Box 12, basis is reported to the IRS indicator checkmark, is reflected as being checked in the title of the covered securities pages of Forms 1099-B, short-term and long-term. The title pages of the noncovered securities pages for Forms 1099-B reflect that Box 12 is not being checked, as these securities are not being reported to the

Several columns include both an amount and a qualifying notation to its right. Where proceeds are the result of an option exercise or assignment, there is indication of whether the amount is N (net of option premium) or G (Gross). Accrued market discount and wash sale loss disallowed appear in the same column, identified by the letters D or W, respectively. Where you are not permitted to recognize a loss, an indication of X (change in control or capital structure) or Z (other corporate action) is used. The change in control condition is reported to the IRS for covered lots. Neither the disallowance of loss due to a corporate action nor the amount of gain or loss is reported to the IRS in any instance.

Some tax lots may have notations in the column of Additional Information because they require special treatment on your tax returns. Sales of securities such as Contingent Payment Debt Instruments (CPDI) are marked as "Ordinary" because gains and losses on these instruments generally do not qualify as short- or long-term capital transactions. Similarly, lots noted as "3 - [X] Collectible" are handled distinctly under the tax code. These conditions are reported to the IRS. You may wish to consult with your tax advisor, the IRS or your state tax authority regarding the proper treatment for these scenarios. With further regard to Box 3, there is also a checkmark to indicate the proceeds of sale are from a QOF investment Zone Fund investment - a QOF. If the proceeds are from a QOF the scenarios. With further regard to Box 3, there is also a checkmark to indicate the proceeds from QOF." The tax treatment for QOF investments can be complex and you may wish to consult your tax advisor about

Closing of written options is presented in a distinct manner in accordance with IRS regulation. For these transactions the Cost or other basis (column 1e) is always presented as \$0.00 and the Proceeds (column 1d) is the net of the amount received when the option was written and the cost to close the position.

Robinhood Securities LLC Detail for Dividends and Distributions

2020 This section of your tax information statement contains the payment level detail of your taxable dividends, capital gains distributions, Section 199A dividends, exempt-interest dividends, nondividend distributions and liquidation distributions. Also shown are the fair market values of any taxable stock dividends or noncash liquidation distributions.

Federal, state and foreign tax withheld and investment expenses are presented as negative amounts but do not net against the reportable income totals. All amounts are grouped by security, with the transactions listed in chronological order. Subtotals for each security are provided. For situations in which the tax character of a distribution (or part thereof) is different than at the time it was paid, endnotes are provided for further explanation.

Note that a payment characterized as a "Qualified dividend" is only issuer-qualified.

This section of your tax information statement contains the payment level detail of taxable interest and associated bond premium. Market discount will be shown here only if you have elected to recognize it currently rather than at the time of sale or maturity. Bond premium and market discount for covered tax lots are totaled on Form 1099-INT and reported to the IRS. For noncovered tax lots, they are totaled and presented beneath the 1099-INT for informational purposes and are not reported to the IRS.

To provide a complete picture of activity for each investment, we also include here nonreportable transactions such as accrued interest paid on purchases and payment or receipt of nonqualified interest. Other amounts, such as federal, state and foreign tax withheld and investment expenses are shown as negative amounts but do not net against the reportable income totals.

This section of your tax information statement contains the detail of the year-to-year adjustments between cash distributions and reportable income for Unit Investment Trusts, reflecting the fact that income is recognized at the time it is received by the trust, rather than when a distribution is made.

Also shown are distributions whose tax impact will be defined by other documentation. In the case of partnership distributions, you will receive Schedule K-1 (Form 1065) directly from the partnership(s). For deferred income, the Form 1099-DIV issued in the following year will characterize the amounts received.

These amounts are provided here to facilitate an accounting of all amounts received during the year and are totaled in the Reconciliations, Fees, Expenses and Expenditures found in the Summary Information at the beginning of the statement.

This schedule contains your 2020 unit transaction history. This information was supplied by you, your broker and/or the Partnership's transfer agent.

Note that the Units on this Transaction Schedule have been adjusted to reflect the 3:2 Unit Split completed in December 2020.

Transaction information for street name owners (who held units in a brokerage nominee account) was provided from your broker's or nominee's records, if the broker or nominee provided the information in accordance with Internal Revenue Code Section 6031(c). IRS regulations concerning partnerships require brokers and nominees to inform the partnership directly of your unit activity so that the partnership may automatically furnish you with tax Information.

If you held multiple lots of Partnership units, the transaction information has been accumulated for each lot having a common federal tax identification number and entity type, except for lots attributable to an individual retirement account (IRA), Keogh or similar type of account, which are reported in a separate package. For IRA, Keogh, or Pension accounts, the federal tax identification number of the custodian is shown. You will receive a separate Individualized Income Tax Reporting Package for each lot with a different tax identification number. Dispositions of Partnership units have been treated in accordance with the unified basis provisions of IRS Revenue Ruling 84-53.

If your records do not agree with the information reported on this Transaction Schedule, then the amounts reported on the following schedules may not be correct. In this event, please make the necessary corrections directly onto this schedule, including any necessary explanations. Sign where indicated and mail before June 30, 2021 to:

Fair market value of property distributed

\$ 4,397

Brookfield Renewable Corporation

If you held Brookfield Renewable Partners L.P. ("BEP") units on July 29, 2020, you received one (1) share of BEPC for every four (4) BEP units held, or approximately 0.25 shares for each BEP unit. From an economic and accounting perspective, the transaction was analogous to a unit split as the transaction did not result in any underlying change to aggregate cash flows or net asset value except for the adjustment for the number of units/shares outstanding. In other words, if you held four (4) units of BEP on July 29, 2020, upon completion of the effective unit split, you held four (4) units of BEP and one (1) unit of BEPC. The tax basis in your BEP units was reduced by the amount of the tax basis in your BEPC shares (including for any fractional shares for which you may have received cash), as detailed above and included in Box 19C of Schedule K-1. The adjusted tax basis in your BEPC shares will not equal a prorated amount of your outside tax basis in BEP at the time of the special distribution. Please note that the detail on the Transaction Schedule has been adjusted for the 3:2 unit split completed in December 2020. For example, if you held four (4) BEP units on July 29, 2020, and received one (1) BEPC share, your Transaction Schedule will display six (6) BEP units, as adjusted for the unit split.

Supplemental Disclosure for Certain Former BEPC Class A Shareholders

If you were a shareholder of BEPC and you obtained BEP units via an exchange of BEPC Class A shares, your Schedule K-1 may need to be updated to properly reflect this transaction. Please contact Tax Package Support at 1-877-209-9981 for additional information.

Supplemental Disclosure for Certain Former TerraForm Power, Inc. ("TERP") Shareholders

If you were a shareholder of TERP and you obtained BEP units via an exchange of TERP shares, your Schedule K-1 may need to be updated to properly reflect this transaction. Please review the Built-In Gain / Built-In Loss Statement included in this package. If you obtained BEP units via an exchange of TERP shares and did not receive a Built-In Gain / Built-In Loss Statement or would like additional information, please contact Tax Package Support at 1-877-209-9981.

^{*}The adjusted basis and fair market value reported above is inclusive of any fractional shares for which you may have received cash.

Substantial Issuer Bid

If you tendered BPY units in connection with the offer (the "Offer") by BPY to purchase limited partnership units (the "LP Units") at a purchase price of \$12.00 per LP Unit, in cash, on the terms and conditions set forth in the Offer to Purchase dated July 6, 2020, please read the following:

If you tendered all of your LP Units in the Offer, then you generally may assume that your IRS Form 1099-B and the Sales Schedule included in this Tax Package are correct. However, if you owned preferred units of BPY immediately following the completion of the Offer, you are strongly urged to consult your tax advisor regarding the potential for special rules to apply.

If you tendered some, but not all, of your LP Units in the Offer, then we urge you to (i) request a corrected IRS Form 1099-B from your broker and (ii) contact us at 1-855-521-8156 regarding the information on your IRS Schedule K-1 (Form 1065).

Certain "disguised sale" U.S. federal income tax rules are expected to be relevant if you sold only some of your LP Units in the Offer. Based on these rules, BPY intends to take the position that (i) 67.916% of the gross proceeds of the Offer are attributable to a disguised sale of an interest in BPY and (ii) 32.084% of the gross proceeds of the Offer are a distribution on a unitholder's remaining LP Units. By contacting us, we will revise your Schedule K-1 to include 32.084% of your gross proceeds as a distribution on Box 19a.

Please review the supplemental information included with the 1099-B from your broker for additional information.

Supplemental Disclosure for Certain Former GGP, Inc. or Brookfield Property REIT Inc. Shareholders If you obtained BPY units via an exchange of Brookfield Property REIT Inc. (BPR) units, you may be required to report additional gain for US tax purposes if you have a US tax filing obligation. Please contact Tax Package Support at 1-855-521-8156 for additional information.

Instructions for Payer/Borrower

Form 1098

A person (including a financial institution, a governmental unit, and a cooperative housing corporation) who is engaged in a trade or business and, in the course of such trade or business, received from you at least \$600 of mortgage interest (including certain points) on any one mortgage in the calendar year must furnish this statement to you.

(Keep for your records)

If you received this statement as the payer of record on a mortgage on which there are other borrowers, furnish each of the other borrowers with information about the proper distribution of amounts reported on this form. Each borrower is entitled to deduct only the amount he or she paid and points paid by the seller that represent his or her share of the amount allowable as a deduction. Each borrower may have to include in income a share of any amount reported in box 4.

If your mortgage payments were subsidized by a government agency, you may not be able to deduct the amount of the subsidy. See the instructions for Schedule A, C, or E (Form 1040 or 1040-SR) for how to report the mortgage interest. Also, for more information, see Pub. 936 and Pub. 535.

Payer's/Borrower's taxpayer identification number (TIN). For your protection, this form may show only the last four digits of your TIN (SSN, ITIN, ATIN, or EIN). However, the issuer has reported your complete TIN to the IRS.

Account number. May show an account or other unique number the lender has assigned to distinguish your account.

Box 1. Shows the mortgage interest received by the recipient/lender during the year. This amount includes interest on any obligation secured by real property, including a mortgage, home equity loan, or line of credit. This amount does not include points,

government subsidy payments, or seller payments on a "buydown" mortgage. Such amounts are deductible by you only in certain circumstances.

If you prepaid interest in 2020 that accrued in full by January 15, 2021, this prepaid interest may be included in box 1. However, you cannot deduct the prepaid amount in 2020 even though it may be included in box 1.

If you hold a mortgage credit certificate and can claim the mortgage interest credit, see Form 8396. If the interest was paid on a mortgage, home equity loan, or line of credit secured by a qualified residence, you can only deduct the interest paid on acquisition and you may be subject to a deduction limitation.

Box 2. Shows the outstanding principal on the mortgage as of January 1, 2020. If the mortgage originated in 2020, shows the mortgage principal as of the date of origination. If the recipient/lender acquired the loan in 2020, shows the mortgage principal as of the date of acquisition.

Department of the Treasury - Internal Revenue Service

Box 3. Shows the date of the mortgage origination.

Box 4. Do not deduct this amount. It is a refund (or credit) for overpayment(s) of interest you made in a prior year or years. If you itemized deductions in the year(s) you paid the interest, you may have to include part or all of the box 4 amount on the "Other income" line of your 2020 Schedule 1 (Form 1040 or 1040-SR). No adjustment to your prior year(s) tax return(s) is necessary. For more information, see Pub. 936 and Itemized Deduction Recoveries in Pub. 525.

Box 5. If an amount is reported in this box, it may qualify to be treated as deductible mortgage interest. See the 2020 Schedule A (Form 1040 or 1040-SR) instructions and Pub. 936.

Box 6. Not all points are reportable to you. Box 6 shows points you or the seller paid this year for the purchase of your principal residence that are required to be reported to you. Generally, these points are fully deductible in the year paid, but you must subtract seller-paid points from the basis of your residence. Other points not reported in box 6 may also be deductible. See Pub. 936 to figure the amount you can deduct.

Box 7. If the address of the property securing the mortgage is the same as the payer's/borrower's, either the box has been checked, or box 8 has been completed.

Box 8. This is the address or description of the property securing the mortgage.

Box 9. If more than one property secures the loan, shows the number of properties securing the mortgage. If only one property secures the loan, this box may be blank.

Box 10. The interest recipient may use this box to give you other information, such as real estate taxes or insurance paid from escrow.

Box 11. If the recipient/lender acquired the mortgage in 2020, shows the date of acquisition.
