Form: Default Form	Form Copy:
Line #: 00	
Description: /efile:Return/efile:ReturnHeader/efile:Filer[1]/efile:PrimarySSN	

#### Error Detail:

The Primary Taxpayer did not enter a valid Identity Protection Personal Identification Number (IP PIN). Please visit [www.irs.gov/getanippin](http://www.irs.gov/getanippin) for further information and resubmit your return with the correct number.

#### Error Resolution:

The IRS e-file database indicates that an Identity Protection PIN (IP PIN) is required for the taxpayer. The IP PIN must be entered and it must match the IRS e-File database. Check your client's CP01A Notice and ensure the IP PIN has been entered correctly on the Federal Information Worksheet, Part VI - Electronic Filing of Tax Return Information.

If the IP PIN is not entered, this return cannot be electronically filed. It will have to be printed and filed by mail.

Visit [www.irs.gov/get-an-ippin](http://www.irs.gov/get-an-ippin) for further information. For assistance about the IPPIN contact IRS at 1-800-908-4490 or visit a Taxpayer Assistance Center.
