2020 Form 1099-B*

OMB No. 1545-0715

5KU24810 01/24/2021

The following information is being provided to assist in your review and the preparation of your tax return.

This Form 1099-B – Proceeds from Broker and Barter Exchange Transactions provides information relating to sales of securities in your account. The sales details are organized into potentially five separate sections depending on your holding period in the security for the sale (short-term vs long-term) and whether the security is considered a "covered security" for tax reporting purpose. For covered securities, cost basis (adjusted as required under tax regulations) is being reported to the Internal Revenue Service (IRS), whereas for noncovered securities, cost basis if set forth below is provided only for your information.

A separate category is provided for sales of securities for which we do not know your holding period. For such tax lots, you will need to use your historical documents to determine your holding period (whether short-term or long-term) and your tax basis.

Unless noted otherwise under the column "Additional Notes", cost basis and corresponding gain or loss is determined by treating tax lots acquired first as being sold first. We have also assumed that you have made an election to amortize premium on the purchase of taxable bonds.

As brokers, we are only required to apply wash sales loss disallowance rules to securities with the same CUSIP or identifier and purchased and sold within the same account. We are also not required to apply wash sales rules across covered and noncovered securities. You as the taxpayer, however, generally have broader obligations under the wash sales rules to determine disallowed losses, and you may wish to consult with a tax adviser as to the application of such rules to you.

Sales of certain contingent payment debt instruments give rise to ordinary income rather than short-term or long-term capital gain or loss. Such ordinary income treatment is indicated in the Additional Notes column as "Box 2 – Ordinary." In addition, certain assets classified as collectibles are subject to special tax treatment. Any such classification is noted in the Additional Notes column as "Box 3 – Collectibles Box Checked." Loss disallowed for certain transactions involving change in control or capital structure is noted in the Additional Notes column as "Box 7 – Loss Disallowed Box Checked." Disposition of a QOF investment is noted in the Additional Notes column as "Box 3 – QOF."

Information in the transaction detail sections below that have a Box number is being transmitted to the IRS, whereas additional information that is not being transmitted to the IRS is not headed by a Box number. Such additional information may be helpful to you in the preparation of your tax return. Remember that taxpayers are ultimately responsible for the accuracy of their tax returns.

Dividends and Distributions - Details of Form 1099-DIV

2020

5KU24810 01/24/2021

This section of the information statement provides payment-level details for dividend-related distributions reported in aggregate on Form 1099-DIV. The information provided below is for your reference only. The break-out details provide payment-level information (including payment date and issuer) for different categories of distributions reported on Form 1099-DIV: ordinary dividends, including portions classified as qualified dividends and section 199A dividends, non-dividend distributions, exempt-interest dividends and liquidation distributions.

Taxes withheld for federal, state or foreign tax purposes are shown as negative numbers but do not offset the income amounts.

For dividends classified as "qualified dividends," the classification is made only from the issuer perspective without accounting for your holding period. Under IRS rules, classification as a qualified dividend for a taxpayer also depends on the taxpayer's holding period in the relevant stock, and a taxpayer is responsible for confirming such qualification based on the taxpayer's actual holding period. Taxpayers are reminded that they are ultimately responsible for the accuracy of their own tax returns.

1099-OID Instructions for Recipient

Original issue discount (OID) is the excess of an obligation's stated redemption price at maturity over its issue price (acquisition price for a stripped bond or coupon). OID on a taxable obligation is taxable as interest over the life of the obligation. If you are the holder of

obligation, generally you must include an amount of OID in your gross income each year you hold the obligation. Obligations that may have OID include a bond, debenture, note, certificate, or other evidence of indebtedness having a term of more than 1 year. For example, the OID rules may apply to certificates of deposit (CDs), time deposits, bonus savings plans, and other deposit arrangements, especially if the payment of interest is deferred until maturity. In addition, the OID rules apply to Treasury inflation-protected securities. See Pub. 550 for more information.

If, as the record holder, you receive Form 1099-OID showing amounts belonging to another person, you are considered a nominee recipient. Complete a Form 1099-OID for each of the other owners showing the amounts allocable to each. File Copy A of the form with the IRS. Furnish Copy B to each owner. List yourself as the "payer" and the other owner as the "recipient." File Form(s) 1099-OID with Form 1096, with the Internal Revenue Service Center for your area. On Form 1096, list yourself as the "payer" and the other owner as the "recipient." File Form(s) 1099-OID with Form 1096, with the Internal Revenue Service Center for your area. On Form 1096, list yourself as the "payer" and the other owner as the "payer" and "payer" required to file a nominee return to show amounts owned by the other spouse. If you bought or sold an obligation during the year and you are not a nominee, you are not required to issue or file Form 1099-OID showing the OID or stated interest allocable to the seller/buyer of the obligation.

The information provided may be different for covered and noncovered securities. For a description of covered securities, see the Instructions for Form 8949. For a covered security acquired with acquisition premium, your payer generally must report either (1) a net amount of OID that reflects the offset of OID by the amount of acquisition premium amortization for the year, or (2) a gross amount for both the OID and the acquisition premium amortization for the year. For a noncovered security acquired with acquisition premium, your payer is only required to report the gross amount of OID.

Box 1. Shows the OID on a taxable obligation for the part of the year you owned it. Report the amount in box 1 as interest income on your income tax return. However, depending on the type of debt instrument, the issue or acquisition date, and other factors (for

acquisition or bond premium, or the obligation is a stripped bond or coupon), you may have to figure the correct amount of OID to report on your return. See Pub. 1212 for details on how to figure the correct OID. See the instructions above for a covered security acquired with acquisition

premium. Box 2. Shows qualified stated interest on this obligation for the year, which is an amount separate from the OID. If you held the obligation the entire year, report this amount as interest income on your tax return. If you disposed of the obligation or acquired it from another holder during the

year, see Pub. 550 for reporting instructions. If there is an amount in box 2 and 8, the amount in box 2 is interest on a U.S. Treasury obligation and is exempt from state and local income taxes. If there is an amount in both boxes 2 and 11, the amount in box 2 is tax-exempt interest

and is not included in interest income on your tax return. In general, see how to report tax-exempt interest in the Instructions for Form 1040 and 1040-SR.

Box 3. Shows interest or principal forfeited if you withdrew the money before the maturity date of the obligation, such as from a CD. You may deduct this amount to figure your adjusted gross income on your income tax return. See the Instructions for Form 1040 and 1040-SR to see where to take the

deduction.

Box 4. Shows backup withholding. Generally, a paver must backup withhold if you did not furnish your TIN or you did not furnish the correct TIN to the paver. See Form W-9 for information on backup withholding. Include this amount on your income tax return as tax

withhold

Box 5. For a covered security acquired with OID, if you made an election under section 1278(b) to include market discount in income as it accrues and you notified your payer of the election in writing in accordance with Regulations section 1.6045-1(n)(5), shows the market discount that

accrued on the debt instrument during the year while held by you. For a tax-exempt obligation that is a covered security acquired on or after January 1, 2017, and issued with OID, shows the market discount that accrued on the obligation during the year while held by you. For a covered

security acquired on a fater January 1, 2015, market discount will be calculated on a constant yield basis unless you notified your payer in writing in accordance with Regulations section 1.6045-1(n)(5) that you did not want to make a constant yield election for market discount under section 1276(b). The payer may, but is not required to, report the market discount for a tax-exempt obligation that is a covered security acquired before January 1, 2017. Report the accrued market discount on your income tax return as directed in the Instructions for Form 1040 and 1040-SR. Market discount on a tax-exempt security is includible in taxable income as interest income.

Box 6. For a taxable covered security, shows the amount of acquisition premium amortization for the year that reduces the amount of OID that is included as interest on your income tax return. If an amount is reported in this box, see the Instructions Schedule B (Form 1040 or 1040-SR). If an amount is not reported in this box for a covered security acquired with acquisition premium, the payer has reported a net amount of OID that reflects the offset of OID that is included in income. If the payer has reported a net amount of OID in box 1 or box 8, you must report the net amount of OID on Schedule B (Form 1040 or 1040-SR).

If there is an amount in both boxes 6 and 11, for a tax-exempt obligation that is a covered security acquired on or after January 1, 2017, and issued with OID, the amount in box 6 shows the amount of acquisition premium amortization for the year that reduces the amount of your tax-exempt OID for the year. The payer may, but is not required to, report the acquisition premium for a tax-exempt obligation that is a covered security acquired with acquisition premium.

Box 7. Shows the identification (CUSIP) number or description of the obligation (may include the stock exchange, issuer, coupon rate, and year of maturity).

Box 8. Shows OID on a U.S. Treasury obligation for the part of the year you owned it. Report this amount as interest income tax return, and see Pub. 1212 to figure any appropriate adjustments to this amount. This OID is exempt from state and local income taxes and is not included in box 1. See the instructions above for a covered security acquired with acquisition premium. If the number in this box is negative, it represents a deflation adjustment. See Pub. 550 for further information on accounting for this

Box 9. Any amount shown is your share of investment expenses of a single-class REMIC. This amount is included in box 2. Note: This amount is not deductible.

Box 10. For a taxable covered security, including a Treasury inflation-protected security, shows the amount of premium amortization allocable to the interest payment(s), unless you notified the payer in writing in accordance with Regulations section 1.6045-1(n)(5) that you did not want to

amortize bond premium under section 171. If an amount is reported in this box, see the Instructions for Schedule B (Form 1040 or 1040-SR). If an amount is not reported in this box for a taxable covered security acquired at a premium and the payer is reporting premium amortization, the payer has

reported a net amount of interest in box 2. If the amount in this box is greater than the amount of interest paid on the covered security, see Regulations section 1.171-2(a)(4).

If there is an amount in both boxes 10 and 11, for a tax-exempt obligation that is a covered security acquired on or after January 1, 2017, and issued with OID, the amount in box 10 shows the amount of premium amortization for the year that reduces the amount of your tax-exempt interest for the year. The payer may, but is not required to, report the premium amortization for a tax-exempt obligation that is a covered security acquired before January 1, 2017, and issued with OID.
