Escrow Account For now, your loan

will have an escrow account (also called an "impound" or "trust" account) to pay the property costs listed below. Without an escrow account, you would pay them directly, possibly in one or two large payments a year. Your lender may be liable for penalties and interest for failing to make a payment.

Escrow		
Escrowed Property Costs over Year 1	\$8,620.15	Estimated total amount over year 1 for your escrowed property costs: Property Taxes, Hazard Insurance
Non-Escrowed Property Costs over Year 1	\$0.00	Estimated total amount over year 1 for your non-escrowed property costs: You may have other property costs.
Initial Escrow Payment	\$7,836.49	A cushion for the escrow account you pay at closing. See Section G on page 2
Monthly Escrow Payment	\$783.65	The amount included in your total monthly payment.

will not have an escrow account because you declined it your lender does not require or offer one. You must directly pay your property costs, such as taxes and homeowner's insurance. Contact your lender to ask if your loan can have an escrow account.

No Escrow	
Estimated Property Costs over Year 1	Estimated total amount over year 1. You must pay these costs directly, possibly in one or two large payments a year.
Escrow Waiver Fee	

In the future,

Your property costs may change and, as a result, your escrow payment may change. You may be able to cancel your escrow account, but if you do, you must pay your property costs directly. If you fail to pay your property taxes, your state or local government may (1) impose fines and penalties or (2) place a tax lien on this property. If you fail to pay any of your property costs, your lender may (1) add the amounts to your loan balance, (2) add an escrow account to your loan, or (3) require you to pay for property insurance that the lender buys on your behalf, which likely would cost more and provide fewer benefits than what you could buy on your own.
