IMPORTANT: In most cases, the Franchise Tax Board (FTB) can figure the penalty for you and you do not have to complete this form. See General Information B.

If you meet **any** of the following conditions, you do not owe a penalty for underpayment of estimated tax. **Do not complete or file this form if:**

- The amount of your tax liability (not including tax on lump-sum distributions and accumulation distribution of trusts) less credits (including the withholding credit) but not including estimated tax payments for either 2019 or 2020 was less than \$500 (or less than \$250 if married/RDP filing a separate return).
- Your 2019 return was for a full 12 months (or would have been if you were required to file) and you did not have any tax liability on that return.
- The amount of your withholding plus your estimated tax payments, **if paid in the required installments**, is at least 90% of the tax shown on your 2020 return or 100% of the tax shown on your 2019 return (110% if California adjusted gross income (AGI) was more than \$150,000 or \$75,000 if married/RDP filing a separate return) **and** you are not using the annualized income installment method. Taxpayers with California AGI equal to or greater than \$1,000,000 (or \$500,000 if married/RDP filing a separate return), must use the tax shown on their 2020 tax return if they do not meet one of the two conditions above.

Part III Annualized Income Installment Method Schedule.

Use this schedule ONLY if you earned taxable income at an UNEVEN RATE during 2020 (see Example A). If you earned your income at approximately the same rate each month (see Example B), then you should not complete this schedule. If you choose to figure the penalty, see Worksheet II, Regular Method to Figure Your Underpayment and Penalty, on page 4 of the instructions.

Example A: If you were a commissioned salesperson who earned no income during the first three months of the year, earned most of your income during the following six months, and earned very little during the last three months, you should complete this schedule. You may be able to benefit by using the annualized income installment method. The required installment of estimated tax figured using the annualized method may be less than your required installment figured using the required installment method.

Example B: If you worked all year and earned a monthly salary that did not change much during the year, you should not complete this schedule.

To complete this schedule correctly, you must first complete Side 2, Part II, line 1 through line 6.
