Bright Funds 2021 Donation Overview

This is an overview of your 2021 giving on Bright Funds. For your tax reporting, transaction receipts are emailed to you after your contributions are made. Please consult with your tax adviser if you have any questions about the deductibility of donations. Note, this report does not include donations made with credits or matching from your employer, as those are not applicable to your personal tax deductions.

Donations received and receipted by Bright Funds Foundation

All donations made through the Bright Funds platform are made directly to Bright Funds Foundation, a U.S. public charity (EIN 46-2109112), then distributed to nonprofits. As a result, all donors will receive a donation receipt from a U.S. charity (even if the donation is directed to a nonprofit outside of the U.S.). Receipts include the amount charged as processing costs. No goods or services were provided in return for your contribution.

For US taxpayers, your donation to Bright Funds Foundation is deductible to the fullest extent provided by law. The deductibility of donations made by non-US taxpayers is determined by tax laws applicable to the donor's local jurisdiction.

Nonprofit	Country	EIN	Amount
Bright Funds Foundation	United States	46-2109112	\$3,053.90 USD

Donations receipted by organizations based outside of the United States

Donations made through Bright Funds to organizations based outside of the United States are processed by our international distribution partner, CAF America.

For US taxpayers, donations made for distribution to foreign charities are generally tax deductible because they are made to Bright Funds and then re-granted to CAF America for distribution. The deductibility of donations made by non-US taxpayers is determined by tax laws applicable to the donor's local jurisdiction.
