We would like you to note the following item(s) which may affect your tax return. Please discuss these matters with your Tax Advisor prior to completing your tax return.

IMPORTANT ITEMS FOR YOUR ATTENTION

For tax year 2021, the IRS updated the Form 1099-DIV to include: Line 2e Section 897 ordinary dividends (portion of the amount reported in box 1a) and 2f Section 897 Capital Gain (portion of the amount reported in box 2a). This information applies to foreign person and entities. Please consult your tax advisor for more information.

Qualified dividends distributions include dividends paid by most U.S. corporations, American Depositary Receipts (ADR), select foreign securities, mutual funds, REITs and UITs. An amount shown on Line 1b of Form 1099 DIV as a qualified dividend indicates that the dividend is qualified at the issuer level. Please consult your tax advisor to determine the holding period for your specific investments and whether you meet the requirements for qualified dividend treatment.

Merrill is only required to revise 1099 tax reporting statements when a change results in an individual tax form impact that is greater than \$100. If your impact does not meet this threshold, you will not receive a revised tax statement. If you would you like to receive a revised tax statement regardless of dollar impact, contact your advisor to opt out of automatic suppression.
