Additional Information on 1099-G

Why did I get a 1099-G?

- The United States Internal Revenue Code (6050E) requires that all refunds, credits or offsets received in calendar year 2021 be reported to you on form 1099-G.
- The IRS notifies the Department of Taxation each year which Ohio taxpayers should be issued a 1099-G.
- For more information on why you received a 1099-G, see tax.ohio.gov/1099.

What do I do with the 1099-G?

- You **may** have to claim it as income on the federal return. The total amount shown may be taxable to you if you listed the Ohio tax paid as an itemized deduction on your previous year federal income tax return. The 1099-G does **not** take into consideration any taxes paid within the same year.

Should I report this overpayment on my Ohio individual income tax return (form IT 1040)?

- You do **not** directly report this amount on your Ohio return. Instead, this amount **may** be reported as income on federal Schedule 1, line 1. Follow the instructions for completing your federal return to determine the correct amount to include. Any amount reported on federal Schedule 1, line 1 should generally be deducted on the “taxable refunds, credits, or offsets of state and local income taxes” line on the Ohio Schedule of Adjustments.

Why doesn't the amount on the 1099-G match the refund amount I received?

- The total amount of the overpayment is required to be reported on the 1099-G even if the overpayment was donated or paid a use tax liability. Please see the example under the second bullet point on the reverse side.

If you have questions on where and how to report this on your federal return, call the IRS at 1-800-829-1040.
