Expanded Disclosures

Expanded Disclosures, which apply to all statements we send to you, are provided with your first statement and thereafter twice a year.

Questions?

Questions regarding your account may be directed to us by using the contact information on the statement cover page.

Errors and Inquiries

Be sure to review your statement promptly, and immediately address any concerns regarding entries that you do not understand or believe were made in error by contacting us by using the contact information on your statement cover page. Oral communications regarding any inaccuracy or discrepancy in this statement should be re-confirmed in writing to further protect your rights, including rights under the Securities Investor Protection Act (SIPA). Your statement will be deemed correct unless we receive a written inquiry of a suspected error. See your account documentation for special rules regarding your rights and responsibilities with respect to erroneous electronic fund transfers, including a description of the transfers covered. For concerns or complaints, contact us.

Senior Investor Helpline

Senior Investor clients or those acting on their behalf have a convenient way to communicate with our Firm by calling us at (800) 280-4534 Monday-Friday 9am-7pm Eastern Time.

Account Valuation

Account values are computed by adding (1) the market value of all priced positions, (2) valuations utilizing industry service providers and/or outside custodians for other positions, and (3) adding any credit or subtracting any debit to your closing Cash, Money Market Funds and/or Deposit balance. Cash, Deposits and Money Market Funds are displayed on a settlement date basis, and other positions are displayed in your account on a trade date basis. The values of fixed income positions in summary displays include accrued interest in the totals. In the "Holdings" section, fixed income market value and accrued interest are also displayed in separate columns. Accrued interest is the interest earned but not yet paid on the bond since its last interest payment. In most cases, it is calculated from the date of the last coupon payment (or "dated date") through the closing date of the statement. Foreign Currency Deposits are reflected in U.S. dollars as of the statement end date. The Annual Percentage Yield (APY) for deposits represents the applicable rate in effect for your deposits at the statement ending date. This APY may be different than the APY that was in effect during the statement period. For current Bank Deposit or Money Market Fund yields, go to www.morganstanley.com/wealth-investmentstrategies/ratemonitor.html.

Additional Retirement Account Information

Tax-qualified account contributions are subject to IRS eligibility rules

and regulations. The Contributions and Distributions information in this statement reflects information for a particular account, without reference to any other account, and is based on information provided by you. The deductibility of an individual contribution depends upon your Modified Adjusted Gross Income and coverage by a retirement plan at work. Check with your tax advisor to verify how much you can contribute, if the contribution will be tax deductible, and if special rules apply. The information included in this statement is not intended to constitute tax, legal or accounting advice. Contact us if any of this information is incorrect.

Availability of Free Credit Balances and Financial Statements

Under the customer protection rules of the SEC [17 CFR §240.15c3-3], we may use funds comprising free credit balances carried for customer accounts here, provided that these funds are payable to customers on demand (i.e., are free of a lien or right of set-off in our favor or on behalf of some third party to whom you have given control). A financial statement of this organization is available for your personal inspection at its offices, or a copy will be mailed to you upon your written request.

Gain/(Loss) Information

Gain/(Loss) is provided for informational purposes. It is not a substitute for Internal Revenue Service (IRS) Form 1099 (on which we report cost basis for covered securities) or any other IRS tax form, and should not be used for tax preparation. Unrealized Gain/(Loss) provided on this statement is an estimate. Contact your own independent legal or tax advisor to determine the appropriate use of the Gain/(Loss) information on this statement. For more information, contact us.

Tax Reporting

Under Federal income tax law, we are required to report gross proceeds of sales (including short sales) on Form 1099-B by March 15 of the year following the calendar year of the transaction for reportable (i.e., non-retirement) accounts. For sales of certain securities acquired on or after January 1, 2011 (or applicable date for the type of security) we are also required to report cost basis and holding period. Under IRS regulations, if you have not provided us with a certification of either U.S. or foreign status on applicable Form W-9 or W-8, your accounts may be subject to either 24% back-up withholding or 30% nonresident alien withholding on payments made to your accounts.

Investment Objectives

The following is an explanation of the investment objective alternatives applicable to your account(s): Income - for investors seeking regular income with low to moderate risk to principal; Capital Appreciation - for investors seeking capital appreciation with moderate to high risk to principal; Aggressive Income - for investors seeking higher returns either as growth or as income with greater risk to principal; Speculation - for

investors seeking high profits or quick returns with considerable possibility of losing most or all of their investment.

Listed Options

Information with respect to commissions and other charges related to the execution of options transactions has been included in confirmations of such transactions previously furnished to you and such information will be made available to you promptly at your request. Promptly advise us of any material change in your investment objectives or financial situation.

Important Information if You are a Margin Customer(not available for certain retirement accounts)

If you have margin privileges, you may borrow money from us in exchange for pledging assets in your accounts as collateral. The amount you may borrow is based on the value of eligible securities in your margin accounts. If a security has eligible shares the number of shares pledged as collateral is indicated below the position. If you have a margin account, as permitted by law, we may use certain securities in your account for, among other things, settling short sales or lending the securities for short sales, for which we may receive compensation.

Margin Interest Charges

We calculate interest charges on margin loans as follows: (1) multiply the applicable margin interest rate by the daily close of business net settled debit balance, and (2) divide by 360 (days). Margin interest accrues daily throughout the month and is added to your debit balance at month-end. The month-end interest charge is the sum of the daily accrued interest calculations for the month. We add the accrued interest to your debit balance and start a new calculation each time the applicable interest rate changes and at the close of every statement month. For interest rate information, log into your account online and select your account with a Margin agreement to view more information.

Information Regarding Special Memorandum Account

If you have a Margin Account, this is a combined statement of your Margin Account and Special Memorandum Account maintained for you under Section 220.5 of Regulation T issued by the Board of Governors of the Federal Reserve System. The permanent record of the Special Memorandum Account as required by Regulation T is available for your inspection at your request.

Money Market Fund (MMF) Pricing

You could lose money in MMFs. Although MMFs classified as government funds (i.e., MMFs that invest 99.5% of total assets in cash and/or securities backed by the U.S. government) and retail funds (i.e., MMFs open to natural person investors only) seek to preserve value at \$1.00 per share, they cannot guarantee they will do so. The price of other MMFs will fluctuate and when you sell shares they may be worth more or less than originally paid. MMFs may impose a fee upon sale

Expanded Disclosures (CONTINUED)

or temporarily suspend sales if liquidity falls below required minimums. During suspensions, shares would not be available for purchases, withdrawals, check writing or ATM debits. A MMF investment is not insured or guaranteed by the Federal Deposit Insurance Corporation or other government agency.

Notice Regarding Global Investment Manager Analysis

The Global Investment Manager Analysis team conducts analysis on various mutual funds and exchange-traded funds for clients holding those funds in certain investment advisory programs. If you have invested in any of these funds in another type of account, such as a brokerage account, you will not receive the same materials and status updates on the funds as we provide to investment advisory clients (including instructions on selling fund shares).

Pricing of Securities

The prices of securities are derived from various sources, and do not necessarily represent the prices at which those securities could have been bought or sold. Although we attempt to use reliable sources of information, we can offer no assurance as to their accuracy, reliability or completeness. Prices are as of the date shown only and are not an offer by us or our affiliates to purchase or sell any instrument or enter into any transaction or a commitment by us or them to make such an offer. Prices of securities not actively traded may not be available, and are indicated by N/A (not available). For additional information on how we price securities, contact us.

Important Information About Auction Rate Securities

For certain Auction Rate Securities there is no or limited liquidity. Therefore, the price(s) for these Auction Rate Securities are indicated by N/A (not available). There can be no assurance that a successful auction will occur or that a secondary market exists or will develop for a particular security.

Structured Investments Risks and Considerations

Structured Investments (Structured Products) are complex products and are subject to special risks, which may include, but are not limited to: loss of initial investment; issuer credit risk and price volatility resulting from actual or anticipated changes to issuer's and/or guarantor's credit ratings/spreads; limited or no appreciation and limits on participation in any appreciation of underlying asset(s); risks associated with the underlying asset(s); no periodic payments; call prior to maturity; early redemption fees for market linked deposits; lower interest rates and/or yield compared to conventional debt with comparable maturity; unique tax implications; limited or no secondary market; and conflicts of interest due to affiliation, compensation or other factors which could adversely affect market value or payout to investors. Investors also should consider the concentration risk of owning the related security and their total exposure to any underlying asset. Structured

Investments, which may appear in various product categories and are identified on the Position Description Details line as "Asset Class: Struct Inv," may not perform in a manner consistent with the product category where they appear, and therefore may not satisfy portfolio asset allocation needs for that category. When displayed, the accrued interest, annual income and yield for structured investments with a contingent income feature (e.g., Range Accrual Notes/Contingent Income Notes) are estimates and assume specified accrual conditions are met during the relevant observation period and payment in full of all contingent interest. Actual accrued interest, annual income and yield will be dependent upon the performance of the underlying asset(s) and may be significantly lower than estimates shown. For more information on the risks and conflicts of interest related to Structured Investments, log in to Morgan Stanley Online at

www.morganstanley.com/structuredproductsrisksandconflicts. For information on risks specific to your Structured Investments, contact us.

Security Measures

This statement features several embedded security elements to safeguard its authenticity. One is a unique blue security rectangle, printed in heat-sensitive ink on the back of every page. When exposed to warmth, the color will disappear, and then reappear.

SIPC Protection

We are a member of Securities Investor Protection Corporation (SIPC), which protects securities of its customers up to \$500,000 (including \$250,000 for claims for cash). An explanatory brochure is available upon request or at www.sipc.org. Losses due to market fluctuation are not protected by SIPC and assets not held with us may not be covered by SIPC protection. To obtain information about SIPC, including an explanatory SIPC brochure, contact SIPC at 1-202-371-8300 or visit www.sipc.org.

Certain Assets Not Held Here

You may purchase certain assets through us that may be held at another financial institution. Assets not held with us may not be covered by SIPC protection. We may include information about certain assets on this statement solely as a service to you and are not responsible for information provided by external sources. Generally, any financial institution that holds securities is responsible for year-end reporting (e.g., Forms 1099) and separate periodic statements, which may vary from our information due to different reporting periods. In the case of networked mutual funds, we perform all year-end tax reporting.

Total Income

Total income, as used in the income summaries, represents dividends and/or interest on securities we receive on your behalf and credit to your account(s) during the calendar year. We report dividend distributions and taxable bond interest credited to your account to the

IRS. The totals we report may differ from those indicated as "This Year" figures on the last statement for the calendar year. Only information on Forms 1099 should be used for tax reporting. In the case of Corporations, Real Estate Investment Trusts (REITs), Master Limited Partnerships, Regulated Investment Companies and Unit Investment Trusts, some sponsors may reclassify the distribution to a different tax type for year-end reporting.

Transaction Dates and Conditions

Transactions display trade date and settlement date. Transactions are included on this statement on trade date basis (excluding BDP and MMFs). Trades that have not settled as of statement month end will also be displayed in the "Unsettled Purchases/Sales Activity" section. Upon written request, we will give you the date and time of a transaction and the name of the other party to a transaction. We and/or our affiliates may accept benefits that constitute payment for order flow. Details regarding these benefits and the source and amount of any other remuneration received or to be received by us in connection with any transaction will be furnished upon written request.

Tax and Legal Disclosure

We do not provide legal or tax advice. Please consult your own tax advisor.

Tips on Protecting Yourself from Fraudulent Account Activity

The safety of our clients is of utmost importance to Morgan Stanley. We are taking this opportunity to alert our clients of the following scams that have been identified by a number of organizations. *Please be reminded that you should never provide your account numbers, passwords, or personal information, including your social security number, to anyone you do not know.* Example of scams to be aware of:

Treatment scams; Supply scams; Provider scams; Charity scams; Phishing scams; App scams; Investment scams; Tech Support scams; Home Sanitation scams; and Government Assistance scams. If you have any questions regarding these scams, please immediately contact us.

Senior Investor Helpline

For any inquiries or potential concerns, senior investors or someone acting on their behalf may contact our Firm by calling (800) 280-4534.

Retirement Rollover Guide

If you are considering rolling over your retirement assets, please review our Rollover Guide which can be found at <https://www.morganstanleyclientserv.com/publiccontent/msoc/pdf/RolloverGuide.pdf> for important information regarding your options and the factors that you should consider before you make your rollover decision.

2022 IRA Fair Market Value - 5498

This information is being furnished to the Internal Revenue Service ("IRS").

Morgan Stanley Smith Barney LLC is required by law to report the calendar year end Fair Market Value ("FMV") of an IRA, along with the FMV and type(s) of certain specified assets/hard-to-value assets held in an IRA to the Internal Revenue Service ("IRS") and to IRA holders.

For purposes of this reporting requirement, the "2022 Fair Market Value," along with the "2022 Fair Market Value of Certain Specified Assets" and the "Type of specified asset" (if applicable) reported on this Year-End Statement will serve as your written notification of this FMV information in compliance with IRS requirements and will be sent to the IRS electronically, on IRS Form 5498, along with your name, address, and tax identification number (e.g., Social Security Number).

If we receive an adjusted year-end value for any investments (e.g., custodial annuities) held within this IRA, your FMV information may change. Any changes to the FMV information will be reflected on your next statement and reported electronically to the IRS.

Please note, however, that a second notice (on IRS Form 5498) will be provided to you if you make any reportable contributions to your IRA for 2022, including, for example, individual contributions made on or before April 15, 2023, that are designated as 2022 contributions, as well as rollovers, recharacterizations, and, if applicable, Roth conversions made to your IRA on or before December 31, 2022.

Best Practices for Protecting Yourself and Your Investments

When investing at any financial institution or with a financial professional, it is important to keep the following best practices in mind:

- Be clear about your investment goals and the amount of risk you are comfortable taking.
- Before making any investments, be sure to ask questions about the potential investment, including the potential risks associated with them. Request information such as the prospectus, offering documents, or research information and carefully review them.
- Be cautious of investment opportunities that offer an unusually high rate of return but are described as low-risk or guaranteed.
- Be cautious of investment opportunities that are not offered directly through the institution you are investing with, such as real estate, start-up businesses, etc. as most financial institutions, like Morgan Stanley prohibit these types of recommendations.
- Read and retain your account statements, confirmations, and any other information you receive about your investment transactions including the firm's client relationship summary (CRS). The CRS can be located on the websites of all SEC registered investment advisors and broker-dealers who work with retail investors.
- Immediately contact a member of the management team if you recognize any type of a discrepancy on your account statement. For example;
 - o A security or money transaction you did not authorize
 - o An investment you purchased that you do not see on your account statement
 - o An item on your account statement that you do not understand
- When sending funds to your financial institution, be sure the funds are being sent directly to the financial institution you are investing with and not to a 3rd party institution.
- Last but not least, never share your account passwords with anyone.

Morgan Stanley Client Relationship Summary

Summary of material changes - Throughout 2023, we intend to convert E*TRADE from Morgan Stanley accounts held at E*TRADE Securities LLC to Morgan Stanley Smith Barney LLC ("MSSB"). This means that starting in early 2023, Morgan Stanley will begin to serve as the broker-dealer for, and offer, E*TRADE from Morgan Stanley self-directed brokerage accounts ("Self-Directed Accounts"). As a result of this new product offering, we updated our Client Relationship Summary to describe the availability of these Self-Directed Accounts which will provide clients an investing option in addition to the Financial Advisor serviced brokerage accounts and investment advisory accounts that we have historically offered. The material updates made to the Client Relationship Summary include a description of the Self-Directed Accounts, links to more detailed information about those accounts (including information about fees and costs) as well as a description of how we earn "Payment for Order Flow" compensation from routing order flow to certain market centers.

2022 Recap of Cash Management Activity

Basic Securities Account
256-303363-041

VENKATA RAO AKULA

We are pleased to enclose your Recap of Cash Management Activity. This section includes a summary of selected account activity for the preceding 12 months; including your electronic transfers, checking and card activity for the year (including ATM transactions, automated payments and Billpay), and security transfers. As part of the Recap, Debit Card activity is organized by spending category; and checks are organized by expense code.

Information related to Income, Distributions, Purchases, Sales, and Redemptions will be provided to accounts subject to IRS reporting on Forms 1099 in the Consolidated Tax Package.

For your convenience, this Recap is also available as a separately retrievable document on Morgan Stanley Online under Statements within the Account Documents tab.

For reportable account(s), we recommend that you wait for your IRS Form(s) 1099 before completing your tax returns. This Recap is not a substitute for the official account statements that you have received from us throughout the year; and is for informational purposes only to provide you with a recap of your cash management activity. If there are any discrepancies between your account statement(s) and the information in this Recap, you should rely on the account statement(s) you have previously received.
