## Protect Your Data

---

The Company is committed to help you keep your account secure. In addition to the strict security measures and procedures we take to limit risk, below are common sense steps you can follow to protect your account:

- **Keep all contact information (including mobile number) up to date.** So that we may contact you quickly if we suspect suspicious activity.
- **Update security software on any device you use to access your account.** Use a private device and a protected wireless connection.
- **Choose a password that you'll only use for this account.** Don't save your logon information on a device.
- **Do not share your account access or logon information** with anyone, including friends and family.
- **Contact us immediately if:**
  - Your account logon information was compromised or your account-related information was affected by identity theft (for example, if someone's using your credentials to impersonate you).
  - You receive any communications about suspicious account activity.
