A Enter maximum credit allowable if different than calculated	_____
B Tentative calculated maximum credit allowable	_____ 7,500.

SMART WORKSHEET FOR: Qual. Plug-in Elec. Drive Motor Vech Wks (Vehicle 1 : TESLA Model 3)

Important: This form calculates a "temporary" tax provision. This credit will be calculated for eligible vehicles placed in service on or prior to the expiration date shown below. If the expiration date shows "Expired", this information will not be used in any calculations or included in your return. Expired temporary provisions are sometimes renewed retroactively, so completing info for expired provisions will allow this return to automatically be updated if/when this provision is renewed.

Temporary tax provision	Expiration Date
Two-wheeled plug-in electric vehicle credit (IRC 30D(g)(3)E(ii))	December 31, 2021

* Lines with a * relate to the temporary tax provision
