Instructions for Recipient

The information provided may be different for covered and noncovered securities. For a description of covered securities, see the instructions for Form 8949. For a taxable covered security acquired at a premium, unless you notified the payer in writing in accordance with Regulations section 1.6047-1(n)(5) that you did not want to amortize the premium under section 171, or for a tax exempt covered security acquired at a premium, your payer must generally report either (1) a net amount of interest that reflects the offset of the amount of interest paid to you by the amount of premium amortization allocable to the payment, or (2) a gross amount for both the interest paid to you and the premium amortization allocable to the payment. If you did notify your payer that you did not want to amortize the premium on a taxable covered security that your payer will only report the gross amount of interest paid to you. For a noncovered security acquired at a premium, your payer is only required to report the gross amount of interest paid to you.
