Can I help?

< Menu

If you are trying to check the status of your **2022 South Carolina tax rebate**, you can do so [here](#).

Check the status of your current year South Carolina Individual Income Tax refund below. If this is a joint return, enter the first SSN/ITIN listed on your tax return.

### Where's My Refund?

#### Check Your Refund Status

SSN/ITIN

\*\*\*-\*\*-4851

Refund Amount

1,283.00

#### Refund Status

If you are looking for the status of your **2022 South Carolina tax rebate**, you can check it [here](#).

During normal processing, we anticipate refunds from electronically-filed returns will be issued within 6-8 weeks from the date you filed. If you filed by paper or chose a paper check refund, your refund may take longer. Amended returns will take at least 12 weeks to process. If you filed electronically and received a confirmation, we have received your return.

Status changes are posted nightly. Find out how long you can expect to be in each step of processing [here](#). If you filed by paper, it may take more time for your refund status to update.

Our phone lines are busy this time of year, and our representatives have the same information you see here.
