

2022 Student Loan Interest Paid

*
Dear Raji Kovvuri,

The amount of interest you paid on your student loan(s) serviced by Discover® is listed below.

If you certified that the proceeds of one or more loans were used solely for qualified education expenses as defined by the IRS, you will also receive IRS Form 1098-E (*Student Loan Interest Statement*) stating the amount of interest paid on those loans. The amount below reflects interest paid on all of your education loans serviced by Discover. This amount may be more than the amount shown on any IRS Form 1098-E you received from us.

Year	Qualified Interest Paid
2022	\$1,068.56

Qualified interest reported above and on IRS Form 1098-E includes simple interest, capitalized interest, and origination fee(s) paid. If you redeemed a Graduation Reward or Reward for Good Grades, a portion of that reward may reduce these amounts.

Please note qualified interest does not include interest paid on the following types of student loans:

- Bar exam loans, K-12 loans, residency loans, and custom career loans
- Parent loans for individuals other than a spouse or dependent

We are unable to provide tax advice, so please see IRS Publication 970 at IRS.gov or ask a tax professional if you need assistance.
