Form **1098** (Rev. 1-2022)

(keep for your records)

www.irs.gov/Form1098

Department of the Treasury - Internal Revenue Service

Instructions for Payer/Borrower

A person (including a financial institution, a governmental unit, and a cooperative housing corporation) who is engaged in a trade or business and, in the course of such trade or business, received from you at least \$600 of mortgage interest (including certain points) on any one mortgage in the calendar year must furnish this statement to you.

If you received this statement as the payer of record on a mortgage on which there are other borrowers, furnish each of the other borrowers with information about the proper distribution of amounts reported on this form. Each borrower is entitled to deduct only the amount each borrower paid and points paid by the seller that represent each borrower's share of the amount allowable as a deduction. Each borrower may have to include in income a share of any amount reported in box 4.

If your mortgage payments were subsidized by a government agency, you may not be able to deduct the amount of the subsidy. See the instructions for Schedule A, C, or E (Form 1040) for how to report the mortgage interest. Also, for more information, see Pub. 936 and Pub. 535.

Payer's/Borrower's taxpayer identification number (TIN). For your protection, this form may show only the last four digits of your TIN (SSN, ITIN, ATIN, or EIN). However, the issuer has reported your complete TIN to the IRS.

Account number. May show an account or other unique number the lender has assigned to distinguish your account.

Box 1. Shows the mortgage interest received by the recipient/lender during the year. This amount includes interest on any obligation secured by real property, including a mortgage, home equity loan, or line of credit. This amount does not include points, government subsidy payments, or seller payments on a "buydown" mortgage. Such amounts are deductible by you only in certain circumstances.

If you prepaid interest in the calendar year that accrued in full by January 15, of the subsequent year, this prepaid interest may be included in box 1. However, you cannot deduct the prepaid amount in the calendar year paid even though it may be included in box 1.

If you hold a mortgage credit certificate and can claim the mortgage interest credit, see Form 8396. If the interest was paid on a mortgage, home equity loan, or line of credit secured by a qualified residence, you can only deduct the interest paid on acquisition indebtedness, and you may be subject to a deduction limitation.

Box 2. Shows the outstanding principal on the mortgage as of January 1 of the calendar year. If the mortgage originated in the calendar year, shows the mortgage principal as of the date of origination. If the recipient/lender acquired the loan in the calendar year, shows the mortgage principal as of the date of acquisition.

Box 3. Shows the date of the mortgage origination.

Box 4. Do not deduct this amount. It is a refund (or credit) for overpayment(s) of interest you made in a prior year or years. If you itemized deductions in the year(s) you paid the interest, you may have to include part or all of the box 4 amount on the "Other income" line of your calendar year Schedule 1 (Form 1040). No adjustment to your prior year(s) tax return(s) is necessary. For more information, see Pub. 936 and *Itemized Deduction Recoveries* in Pub. 525.

Box 5. If an amount is reported in this box, it may qualify to be treated as deductible mortgage interest. See the calendar year Schedule A (Form 1040) instructions and Pub. 936.

Box 6. Not all points are reportable to you. Box 6 shows points you or the seller paid this year for the purchase of your principal residence that are required to be reported to you. Generally, these points are fully deductible in the year paid, but you must subtract seller-paid points from the basis of your residence. Other points not reported in box 6 may also be deductible. See Pub. 936 to figure the amount you can deduct.

Box 7. If the address of the property securing the mortgage is the same as the payer's/borrower's, either the box has been checked, or box 8 has been completed.

Box 8. Shows the address or description of the property securing the mortgage.

Box 9. If more than one property secures the loan, shows the number of properties securing the mortgage. If only one property secures the loan, this box may be blank.

Box 10. The interest recipient may use this box to give you other information, such as real estate taxes or insurance paid from escrow.

Box 11. If the recipient/lender acquired the mortgage in the calendar year, shows the date of acquisition.

Future developments. For the latest information about developments related to Form 1098 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/Form1098.

Free File. Go to www.irs.gov/FreeFile to see if you qualify for no-cost online federal tax preparation, e-filing, and direct deposit or payment options.

Re: HPA Private Mortgage Insurance (PMI) Annual Disclosure

3644 SARGENT DR
NAPERVILLE IL 60564

Dear MANOJ K KONDAM:

Your mortgage loan requires private mortgage insurance (“PMI”). Private mortgage insurance protects lenders and others against financial loss when a borrower defaults on a loan. Charges for this insurance are added to your loan payments. Under certain circumstances, federal law gives you the right to cancel PMI or requires that PMI automatically terminate. This letter describes those cancellation and termination rights and when cancellation and termination may occur. Please note that PMI is not that same as property or casualty insurance, such as homeowners’ or hazard insurance and the cancellation or termination of PMI does *not* affect any obligation you may have, under your residential mortgage loan, to maintain these other types of insurance.

BORROWER REQUESTED CANCELLATION OF PMI: Under the Homeowners Protection Act of 1998, if your loan closed on or after July 29, 1999 as a single-family primary residence, you have the right to request that PMI be cancelled on or after either of these dates: (1) the date the principal balance of your loan is first **scheduled** to reach 80% of the original value of the property (based solely on the initial amortization schedule in the case of a fixed-rate mortgage or on the amortization schedules in the case of an adjustable-rate mortgage) regardless of the outstanding balance or (2) the date on which the principal balance of the loan, based solely on **actual** payments made, reaches 80% of the original value of the property securing the loan.

PMI will only be cancelled if the following requirements are fulfilled: (1) you are current on your loan payments under the terms of your loan; (2) you submit a written request for cancellation; (3) you have a good payment history with respect to your loan; and (4) we receive, if requested and at your expense, evidence that the value of the property, securing the loan, has not declined below its original value and certification that there are no subordinate liens on the property. Please note that a “good payment history” means that no payments 60 or more days past due within two years, and no payments 30 or more days past due within one year, of the cancellation date or the date that the written request for cancellation is submitted. “Original value” means, with respect to a residential mortgage transaction, the lesser of the contract sales price of the property securing the mortgage or the appraised value of the property at the time the loan was consummated.

AUTOMATIC TERMINATION OF PMI: Under the Homeowners Protection Act of 1998, if your loan closed on or after July 29, 1999 as a single-family primary residence and you are current on your loan payments, PMI will automatically terminate on the date the principal balance of your loan is first scheduled to reach 78% of the original value of the property (based solely on the initial amortization schedule in the case of a fixed-rate mortgage or on the amortization schedules in the case of an adjustable-rate mortgage) regardless of the outstanding balance. If you are not current on your loan payments as of that date, PMI will automatically terminate on the first day of the first month beginning after the date you become current on your loan payments. In any event, PMI will be terminated by the

x

first day of the month immediately following the date that is the midpoint of the amortization period of the loan if you are current on your loan payments.

If your loan is a high risk loan: The borrower cancellation and automatic termination provisions addressed above do not apply to conforming and nonconforming loans defined as high risk loans. If your loan is a conforming loan defined as high risk by the Federal National Mortgage Association and/or the Federal Home Loan Mortgage Corporation, the PMI on your loan will be terminated by the first day of the month following the date that is the midpoint of the loan's initial amortization schedule (in the case of a fixed-rate loan) or amortization schedules (in the case of an adjustable-rate loan) if, on that date, you are current on your loan payments. If you are not current on your loan payments on that date, PMI will be terminated when you become current. If your loan is a non-conforming loan defined as high risk by your lender, PMI will be terminated on the date the principal balance of your loan is first scheduled to reach 77% of the original value of the property (based solely on the initial amortization schedule in the case of a fixed-rate mortgage or on the amortization schedules in the case of an adjustable-rate mortgage) regardless of the outstanding balance.

If your loan closed before July 29, 1999 or if it is not a single-family primary residence: You may, under certain circumstances, cancel the PMI required for your loan with the consent of the mortgage holder or in accordance with applicable state law.

If your loan has been modified: The cancellation date, termination date, or final termination may be recalculated to reflect the modified terms and conditions on such loan.

Should you have any questions or need additional information about PMI cancellations, termination requirements or eligibility, please feel free to contact us in writing at P.O. Box 8068, Virginia Beach, VA 23450 or by phone, by calling us toll free, at 1.800.509.0183.

Sincerely,
