Dear SANTOSH SAMALA,

We are pleased to present your 2022 Annual Summary Statement.

This Annual Summary Statement itemizes transactions posted to your account during 2022 year.

To make your review as easy as possible, the Annual Summary Statement separates transactions by type (such as dining, grocery stores, gas stations, etc.) and by monthly expenditures. Additionally, totals are provided by month and by merchant category.

Please note, we separate your transactions according to merchant category codes that are assigned by third parties and this information is provided for your personal use. It is our hope that this is an invaluable tool for reviewing your finances. If we can answer any questions or be of service in any way, please don't hesitate to contact us.

We appreciate your credit card business, and look forward to serving you in the future.

Sincerely,

A handwritten signature in black ink that reads 'Paramita Pal'. The signature is written in a cursive, flowing style.

Frequently Asked Questions

Following are answers to some of the most frequently asked questions about the Annual Summary Statement. If you have a question that isn't answered here, feel free to contact us.

Q: Why did I receive the Annual Summary Statement?

A: The Annual Summary Statement is designed to help you understand how and where you use your credit card. It outlines the types of purchases you make including dining, grocery stores, gas stations and more. This information can help you manage your finances and make your bookkeeping easier.

Q: What is included in my Annual Summary Statement?

A: It includes all transactions made from January 1, 2022 through December 31, 2022. Any transactions made post December 31, 2022 will show up on next year's statement. For your convenience, transactions are broken out by merchant categories and monthly activity.

Q: How are transactions assigned to categories?

A: Merchants select categories in which they would like their transactions to be listed. Please note that since some merchants are owned by other companies, purchases may not show up as you expect. For example, if you dine at a restaurant inside a hotel, the transaction may show up as a hotel-lodging transaction.

Q: Do my international charges appear on the Annual Summary Statement?

A: Yes, all international charges are included. These transactions are converted into U.S. dollars at the exchange rate on the day of the posting.
