Dear Deepthi Reddy Nallavadla Bhaskar Reddy

Attached is a copy of your 2022 Relocation Tax Report. This report summarizes the relocation expenses and funds that were either directly paid to you or paid to a vendor on your behalf. This report is informational only as all taxable expenses are already included in your W2.

Items included in your Form W-2:

- Expenses that were reimbursed to you and are taxable (per USA IRS regulations).
- Amounts that Amazon.com paid on your behalf, including the income tax liability associated with qualified expenses and reimbursements.

The Relocation Tax Report is provided to assist you with filing your U.S. Federal and U.S. State tax returns. If you have any questions or difficulty with preparing your personal income tax forms, please consult a professional tax adviser. If your tax preparation is not based in the U.S., you should still provide this information to your tax preparer.

Sincerely,
