Department of the Treasury - Internal Revenue Service

Instructions for Participant

This information is submitted to the Internal Revenue Service by the trustee of your health savings account (HSA), Archer MSA, or Medicare Advantage MSA (MA MSA).

Generally, contributions you make to your Archer MSA are deductible. Employer contributions are excluded from your income and are not deductible by you. If your employer makes a contribution to one of your Archer MSAs, you cannot contribute to any Archer MSA for that year. If you made a contribution to your Archer MSA when your employer has contributed, you cannot deduct your contribution, and you will have an excess contribution. If your spouse's employer makes a contribution to your spouse's Archer MSA, you cannot make a contribution to your Archer MSA if your spouse is covered under a high deductible health plan that also covers you.

Contributions that the Social Security Administration makes to your MA MSA are not includible in your gross income nor are they deductible. Neither you nor your employer can make contributions to your MA MSA.

Generally, contributions you or someone other than your employer make to your HSA are deductible on your tax return. Employer contributions to your HSA may be excluded from your income and are not deductible by you. You and your employer can make contributions to your HSA in the same year.

See Form 8853 and its instructions or Form 8889 and its instructions. Any employer contributions made to an Archer MSA are shown on your Form W-2 in box 12 (code R); employer contributions made to an HSA are shown in box 12 (code W). For more information, see Pub. 969.
