

2023 Student Loan Interest Paid
Discover Student Loans Tax Identification Number 51-0020270

Dear Prem Patel,

The amount of interest you paid on your student loan(s) serviced by Discover® is listed below.

If you certified that the proceeds of one or more loans were used solely for qualified education expenses as defined by the IRS, you will also receive IRS Form 1098-E (*Student Loan Interest Statement*) stating the amount of interest paid on those loans. The amount below reflects interest paid on all of your education loans serviced by Discover. This amount may be different than the amount shown on any IRS Form 1098-E you received from us.

Year	Interest Paid Amount
2023	\$3,812.46

Interest reported above and on IRS Form 1098-E includes simple interest, capitalized interest, and origination fee(s) paid. If you redeemed a Graduation Reward or Reward for Good Grades, a portion of that reward may reduce the amount of interest paid that is reported on IRS Form 1098-E and this letter.

Please note interest does not include interest paid on the following types of student loans:

- Bar exam loans, residency loans, and custom career loans
- Parent loans for individuals other than a spouse or dependent

We are unable to provide tax advice. Please see IRS Publication 970 at IRS.gov or ask a tax professional if you need assistance.

If you have any questions, please call us anytime 24/7 at 1-800-STUDENT.
