Box 2. This amount may be different from what you actually received for your Michigan income tax refund. It **does not include** refundable credits, such as the **property tax credit** (however, some or all of your property tax credit may need to be reported as income on your federal return). It **does include** amounts used to pay **use tax**, amounts contributed to voluntary contributions, amounts you chose to credit forward, and amounts deducted from your refund to pay a previously owed debt. The amount shown may be subject to federal income tax if you deducted state income taxes paid as an itemized deduction on your federal return. Interest received on your refund must be included as interest income on your federal return. See instructions for your federal income tax return.
