We received your New Jersey State tax return and we are currently processing your request for a refund. We update this system twice a week so you can check for updates on the status of your refund request here. When we approve your refund, the approved check date will be available here.

Processing your return includes:

- Matching records with your employer, and/or
- Matching other income and credits

If we need additional information to approve your refund, we will send you a letter listing the required information.

If you've received a notice from the Division and have already responded, please allow at least 90 days for us to review your documentation.
