FORM 1098 INFORMATION:

Instructions for Payer/Borrower

A person (including a financial institution, a governmental unit, and a cooperative housing corporation) who is engaged in a trade or business and, in the course of such trade or business, received from you at least \$600 of mortgage interest (including certain points) on any one mortgage in the calendar year must furnish this statement to you.

If you received this statement as the payer of record on a mortgage on which there are other borrowers, furnish each of the other borrowers with information about the proper distribution of amounts reported on this form. Each borrower is entitled to deduct only the amount each borrower paid and points paid by the seller that represent each borrower's share of the amount allowable as a deduction. Each borrower may have to include in income a share of any amount reported in box 4.

If your mortgage payments were subsidized by a government agency, you may not be able to deduct the amount of the subsidy. See the instructions for, Schedule A, C, or E (Form 1040) for how to report the mortgage interest. Also, for more information, see Pub. 936 and Pub. 535.

Payer's/Borrower's taxpayer identification number (TIN). For your protection, this form may show only the last four digits of your TIN (SSN, ITIN, ATIN, or EIN). However, the issuer has reported your complete TIN to the IRS.

Account number. May show an account or other unique number the lender has assigned to distinguish your account.

Box 1. Shows the mortgage interest received by the recipient/lender during the year. This amount includes interest on any obligation secured by real property, including a mortgage, home equity loan, or line of credit. This amount does not include points, government subsidy payments, or seller payments on a "buydown" mortgage. Such amounts are deductible by you only in certain circumstances.

Caution: *If you prepaid interest in the calendar year that accrued in full by January 15, of the subsequent year, this prepaid interest may be included in box 1. However, you cannot deduct the prepaid amount in the calendar year paid even though it may be included in box 1.*

If you hold a mortgage credit certificate and can claim the mortgage interest credit, see Form 8396. If the interest was paid on a mortgage, home equity loan, or line of credit secured by a qualified residence, you can only deduct the interest paid on acquisition indebtedness, and you may be subject to a deduction limitation.

Box 2. Shows the outstanding principal on the mortgage as of January 1 of the calendar year. If the mortgage originated in calendar year, shows the mortgage principal as of the date of origination. If the recipient/lender acquired the loan in the calendar year, shows the mortgage principal as of the date of acquisition.

Box 3. Shows the date of the mortgage origination.

Box 4. Do not deduct this amount. It is a refund (or credit) for overpayment(s) of interest you made in a prior year or years. If you itemized deductions in the year(s) you paid the interest, you may have to include part or all of the box 4 amount on the "Other income" line of your calendar year Schedule 1 (Form 1040). No adjustment to your prior year(s) tax return(s) is necessary. For more information, see Pub. 936 and Itemized Deductions Recoveries in Pub. 525.

Box 5. If an amount is reported in this box, it may qualify to be treated as deductible mortgage interest. See the calendar year Schedule A (Form 1040) instructions and Pub. 936.

Box 6. Not all points are reportable to you. Box 6 shows points you or the seller paid this year for the purchase of your principal residence that are required to be reported to you. Generally, these points are fully deductible in the year paid, but you must subtract seller-paid points from the basis of your residence. Other points not reported in box 6 may also be deductible. See Pub. 936 to figure the amount you can deduct.

Box 7. If the address of the property securing the mortgage is the same as the payer's/borrower's, either the box has been checked, or box 8 has been completed.

Box 8. Shows the address or description of the property securing the mortgage.

Box 9. If more than one property secures the loan, shows the number of properties securing the mortgage. If only one property secures the loan, this box may be blank.

Box 10. The interest recipient may use this box to give you other information, such as real estate taxes or insurance paid from escrow.

Box 11. If the recipient/lender acquired the mortgage in the calendar year, shows the date of acquisition.

FORM 1099-INT INFORMATION:

Instructions for Recipient

Box 1. Shows taxable interest paid to you during the calendar year by the payer.

Nominees. If this form includes amounts belonging to another person(s), you are considered a nominee recipient. Complete a form 1099-INT for each of the other owners showing the income allocable to each. File Copy A of this form with the IRS. Furnish Copy B to each owner. List yourself as the "payer" and the other owner(s) as the "recipient." File Form(s) 1099-INT with Form 1096 with the Internal Revenue Service Center for your area. On Form 1096 list yourself as the "filer." A spouse is not required to file a nominee return to show amounts owned by the other spouse.

Future developments. For the latest information about developments related to Form 1099-INT and its instructions, such as legislation enacted after they were published, go to www.irs.gov/Form1099INT.

Private Mortgage Insurance Disclosure

Private Mortgage Insurance: Your mortgage loan requires private mortgage insurance ("PMI"). PMI protects lenders and others against financial loss when borrowers default. Charges for the insurance are added to your loan payments. Under certain circumstances, federal law gives you the right to cancel PMI or requires that PMI automatically terminate. Cancellation or termination of PMI does not affect any obligation you may have to maintain other types of insurance.

Borrower Requested Cancellation of PMI: You have the right to request that PMI be canceled on or after either of these dates: (1) the date the principal balance of your loan is first scheduled to reach 80% of the original value of the property or (2) the date the principal balance actually reaches 80% of the original value of the property. PMI will only be canceled on these dates if (1) you submit a written request for cancellation; (2) you have a good payment history; (3) you are current on the payments required by your loan; and (4) we receive, if requested and at your expense, evidence that the value of the property has not declined below its original value and certification that there are no subordinate liens on the property. A "good payment history" means no payments 60 or more days past due within two years and no payments 30 or more days past due within one year of the later of (a) the cancellation date, or (b) the date you submit a request for cancellation. "Original value" means the lesser of the contract sales price of the property or the appraised value of the property at the time the loan was closed. If this loan refinanced an existing loan secured by the property, "original value" means the appraised value relied on by the lender to approve this loan.

Automatic Termination of PMI: If you are current on your loan payments, PMI will automatically terminate on the date the principal balance of your loan is first scheduled to reach 78% of the original value of the property. If you are not current on your loan payments as of that date, PMI will automatically terminate on the first day of the month immediately following the date you thereafter become current on your payments. In any event, PMI will not be required on your mortgage loan beyond the date that is the midpoint of the amortization period for the loan if you are current on your payments on that date.

For Further Information about PMI Cancellation: To determine if you can cancel the PMI on your loan, contact us at the address or numbers listed below.
