A financial statement of this organization is available for your personal inspection at its offices, or a copy will be mailed to you upon your written request.

Important Information if You are a Margin Customer(not available for certain retirement accounts)

If you have margin privileges, you may borrow money from us in

exchange for pledging assets in your accounts as collateral for any outstanding margin loan. The amount you may borrow is based on the value of the eligible securities in your margin accounts. If a security has eligible shares, the number of shares pledged as collateral will be indicated below the position.

Margin Interest Charges

We calculate interest charges on margin loans as follows: (1) multiply the applicable margin interest rate by the daily close of business net settled debit balance, and (2) divide by 360 (days). Margin interest accrues daily throughout the month and is added to your debit balance at month-end. The month-end interest charge is the sum of the daily accrued interest calculations for the month. We add the accrued interest to your debit balance and start a new calculation each time the applicable interest rate changes and at the close of every statement month. For interest rate information, log into your account online and select your account with a Margin agreement to view more information.

Information Regarding Special Memorandum Account

If you have a Margin Account, this is a combined statement of your Margin Account and Special Memorandum Account maintained for you under Section 220.5 of Regulation T issued by the Board of Governors of the Federal Reserve System. The permanent record of the Special Memorandum Account as required by Regulation T is available for your inspection at your request.

Important Information About Auction Rate Securities

For certain Auction Rate Securities there is no or limited liquidity. Therefore, the price(s) for these Auction Rate Securities are indicated by N/A (not available). There can be no assurance that a successful auction will occur or that a secondary market exists or will develop for a particular security.

Structured Investments Risks and Considerations

Structured Investments (Structured Products) are complex products and may be subject to special risks. Investors should consider the concentration risk of owning the related security and their total exposure to any underlying asset. Structured Investments, which may appear in various statement product categories and are identified on the Position Description Details line as "Asset Class: Struct Inv," may not perform in a manner consistent with the statement product category where they appear and therefore may not satisfy portfolio asset allocation needs for that category. For information on the risks and conflicts of interest related to Structured Investments generally, log in to Morgan Stanley Online and go to www.morganstanley.com/structuredproductsrisksandconflicts.

Security Measures

This statement features several embedded security elements to safeguard its authenticity. One is a unique blue security rectangle,

printed in heat-sensitive ink on the back of every page. When exposed to warmth, the color will disappear, and then reappear.

SIPC Protection

We are a member of Securities Investor Protection Corporation (SIPC), which protects securities of its customers up to \$500,000 (including \$250,000 for claims for cash). An explanatory brochure is available upon request or at www.sipc.org. Losses due to market fluctuation are not protected by SIPC and assets not held with us may not be covered by SIPC protection. To obtain information about SIPC, including an explanatory SIPC brochure, contact SIPC at 1-202-371-8300 or visit www.sipc.org.

Transaction Dates and Conditions

Upon written request, we will furnish the date and time of a transaction and the name of the other party to a transaction. We and/or our affiliates may accept benefits that constitute payment for order flow. Details regarding these benefits and the source and amount of any other remuneration received or to be received by us in connection with any transaction will be furnished upon written request.

HOLDINGS

This section reflects positions purchased/sold on a trade date basis. "Market Value" and "Unrealized Gain/(Loss)" may not reflect the value that could be obtained in the market. Your actual investment return may differ from the unrealized gain/(loss) displayed. Fixed Income securities are sorted by maturity or pre-refunding date, and alphabetically within date. Estimated Annual Income a) is calculated on a pre-tax basis, b) does not include any reduction for applicable non-US withholding taxes, c) may include return of principal or capital gains which could overstate such estimates, and d) for holdings that have a defined maturity date within the next 12 months, is reflected only through maturity date. Actual income or yield may be lower or higher than the estimates. Current Yield is an estimate for informational purposes only. It reflects the income generated by an investment, and is calculated by dividing the total estimated annual income by the current market value of the entire position. It does not reflect changes in its price. Structured Investments, identified on the Position Description Details line as "Asset Class: Struct Inv," may appear in various statement product categories. When displayed, the accrued interest, annual income and current yield for those with a contingent income feature (e.g., Range Accrual Notes or Contingent Income Notes) are estimates and assume specified accrual conditions are met during the relevant period and payment in full of all contingent interest. For Floating Rate Securities, the accrued interest, annual income and current yield are estimates based on the current floating coupon rate and may not reflect historic rates within the accrual period. For more information on how we price securities, go to www.morganstanley.com/wealth/disclosures/disclosures.asp.

Tips on Protecting Yourself from Fraudulent Account Activity

The protection of client data is of the utmost importance to us. Scams are on the rise, and they have become more sophisticated. Please remember to never share your personal information including account verification codes, account numbers, passwords or social security numbers with anyone you do not personally know.

Please be cautious opening attachments, clicking on links, or allowing external access to your computer. Scammers will be aggressive and create a sense of urgency. Scammers will promise unbelievable returns using crypto currency investing or sweepstakes/lottery. Scammers will use social media apps to build trust and then make sudden requests for money due to a hardship or emergency.

If you have any questions regarding scams or believe that you are a victim of a scam, please contact us or call 888-454-3965 to report online fraud or security concerns.

Retirement Rollover Guide

If you are considering rolling over your retirement assets, please review our Rollover Guide which can be found at <https://www.morganstanleyclientserv.com/publiccontent/msoc/pdf/RolloverGuide.pdf> for important information regarding your options and the factors that you should consider before you make your rollover decision.

Best Practices for Protecting Yourself and Your Investments

When investing at any financial institution or with a financial professional, it is important to keep the following best practices in mind:

- Be clear about your investment goals and the amount of risk you are comfortable taking.
- Before making any investments, be sure to ask questions about the potential investment, including the potential risks associated with them. Request information such as the prospectus, offering documents, or research information and carefully review them.
- Be cautious of investment opportunities that offer an unusually high rate of return but are described as low-risk or guaranteed.
- Be cautious of investment opportunities that are not offered directly through the institution you are investing with, such as real estate, start-up businesses, etc. as most financial institutions, like Morgan Stanley prohibit these types of recommendations.
- Read and retain your account statements, confirmations, and any other information you receive about your investment transactions including the firm's client relationship summary (CRS). The CRS can be located on the websites of all SEC registered investment advisors and broker-dealers who work with retail investors.
- Immediately contact a member of the management team if you recognize any type of a discrepancy on your account statement. For example:
 - o A security or money transaction you did not authorize
 - o An investment you purchased that you do not see on your account statement
 - o An item on your account statement that you do not understand
- When sending funds to your financial institution, be sure the funds are being sent directly to the financial institution you are investing with and not to a 3rd party institution.

Last but not least, never share your account passwords with anyone.

Notice of T+1 Settlement Cycle Transition

Effective May 28, 2024, Securities and Exchange Commission (SEC) rules will require that most U.S. securities transactions settle on or before the next business day following the trade date (a settlement date of T+1).

Generally, the settlement date is when an investor must pay for the security purchased or deliver the security sold in negotiable form. Please note, final tax lot selection will be subject to the shortened T+1 settlement timeline and must be submitted by 4:00 p.m. ET on the settlement date.

For additional details about T+1 settlement and eligible securities, please visit the Depository Trust & Clearing Corporation (DTCC) website at www.dtcc.com/ust1. You can also view the full text of the final rules on the SEC website at www.sec.gov.

Upcoming Change to Bank Deposit Program (BDP) Pricing Groups

Interest rates for deposits in your account are tiered based on the Total Deposit Balances in your BDP Pricing Group. Currently, the Total Deposit Balances include deposits in the BDP and in the Morgan Stanley Savings Program in all applicable accounts within a BDP Pricing Group. A BDP Pricing Group is a group of accounts within a household that have the same address, or the same Social Security and/or tax identification number.

Effective May 3, 2024, Total Deposit Balances used to calculate your interest rate tier will no longer include deposits in the Morgan Stanley Savings Program within your BDP Pricing Group. If you have any questions or need assistance, please contact us or view the Bank Deposit Program Disclosure Statement at https://www.morganstanley.com/wealth-disclosures/pdfs/BDP_disclosure.pdf
