

The Tuition Statement (Form 1098-T) below will also be sent to the IRS.

A report detailing qualifying tuition and fees, as well as payments made during the tax year, is available to students ONLY through the K-State student website, KSIS (<https://ksis.k-state.edu>). Once in KSIS, select the Financial Account tile. In the Account Services folder select "View 1098-T" and then select "3. View Transaction Detail". K-State will not mail this transaction report so access to this information MUST be made through KSIS.

In accordance with IRS regulations, it is up to the educational institution to report either amounts in Box 1 OR Box 2. There will not be amounts in both boxes.

Additional information can be obtained in IRS Publication 970 "Tax Benefits for Higher Education", the IRS website at www.irs.gov, or by calling 1-800-TAX-FORM.

Instructions for Student -

An eligible educational institution, such as a college or university, in which you are enrolled and an insurer who makes reimbursements or refunds of qualified tuition and related expenses to you, must furnish this statement to you. You, or the person who may claim you as a dependent, may be able to take either the tuition and fees deduction or claim an education credit on Form 1040 or 1040A for the qualified tuition and related expenses that were actually paid in 2023. Institutions may report either payments received in box 1 or amounts billed in box 2. The amount shown in box 1 or 2 may represent an amount other than the amount actually paid in 2023. Your institution must include its name, address, and telephone number on this statement. It may also include contact information for a service provider. Although the service provider may be able to answer certain questions about the statement, do not contact them or the filer for explanations of the requirements for (and how to figure) any allowable tuition and fees deduction or education credit that you may claim. For more information about the deduction or credit, see Pub.970, Tax Benefits for Education, Form 8863, Education Credits, and the Form1040 or 1040A instructions.

Box 5 shows the total of all scholarships or grants administered and processed by the eligible educational institution. The amount of scholarships or grants for the calendar year (including those not reported by the institution) may reduce the amount of any allowable tuition and fees deduction or the education credit you may claim for the year.

Box 6 shows adjustments to scholarships or grants for a prior year. This amount may affect the amount of any allowable tuition and fees deduction or education credit you may have claimed for the prior year. See Pub. 970 for how to report these amounts.

Box 7 shows whether the amount in box 1 or 2 includes amounts for an academic period beginning January-March 2024. See Pub. 970 for how to report these amounts.

Box 8 shows whether you are considered to be carrying at least one-half the normal full-time workload for your course of study at the reporting institution. If you are at least a half-time student for at least one academic period that begins during the year.

Box 9 shows whether you are considered to be enrolled in a program leading to a graduate degree, graduate-level certificate, or other recognized graduate-level educational credential during the year.
