

Energy Purchase Terms

Thanks for your purchase! Now that we have completed your order for your Solar System, including any Tesla Powerwall(s) you also ordered (all of which we call your “System” below), the next step is to prepare for and schedule installation of your System. In the meantime, below are some basic terms we need you to agree to in order to make sure we are on the same page (and along with this document are some required disclosures for you to review as well). We look forward to working with you and are excited that you are joining our effort to transition the world to sustainable energy!

- Your Purchase Price.** You have agreed to purchase your System at the price described in your Price Sheet. Your Price Sheet, which is considered part of these purchase terms, includes taxes. You have 7 days after you receive the Price Sheet and these purchase terms to reject them. If you don't reject them, or if you move forward with scheduling your installation, that means you are agreeing to the Price Sheet and these purchase terms.
- Updates to Price Sheet.** Even though we have completed the initial design of your System, we might need to make changes to that design, which also means we might need to update the pricing or System size based on a variety of factors, such as installation complexity or product availability. If that happens, we will update the Price Sheet. You have 7 days after you receive the updated Price Sheet to reject it. If you don't reject it, or if you move forward with scheduling your installation, that means you are agreeing to the updated Price Sheet and authorize us to develop and submit permit packets and otherwise prepare for your upcoming installation. The updated Price Sheet replaces any prior Price Sheet and is considered part of these purchase terms that you are agreeing to (unless you rejected the update). Tesla can also decide to increase the size of your Solar Roof at no additional cost to you.
- Cancellation.** At any point prior to the time when we deliver materials to your home in preparation for your installation, either of us can cancel your order for any reason provided that we let the other know in writing (so there is no misunderstanding). If we are responsible for canceling your order, we will return any deposits and upfront fees you have paid. If you cancel or cause us to cancel your order, your deposit and upfront fees are non-refundable.
- Permission to Operate.** Payment of your purchase price in full for your System includes Tesla ensuring that your System obtains “Permission to Operate” (or “PTO”) from your utility, provided that PTO is required for your System. There can sometimes be delays in obtaining PTO. Tesla will work with you and your utility to try to minimize such delays.
- Home Owner's Association.** If your home is governed by a home owner's association or similar community organization, you are responsible for getting any required approvals and authorizations for your System.
- Installation.** We will contact you to schedule installation of your System. During installation, we might choose to make minor repairs commonly needed to install the System at no additional cost to you (like simple electric upgrades and roof preparation). We promise to repair or pay for damage we directly cause to your home or your property during installation of your System. If we fail to do that, please let us know, and we will make the repair (or have someone repair it) at our cost (and that will be your only remedy). But you need to let us know in writing and within a certain amount of time following the damage: within 10 years for Solar System installations, 4 years for Powerwall installations and 1 year for anything else.
- Equipment Limited Warranties.** Your solar panels and inverter come with a warranty from their manufacturers. The solar panel warranty will be at least 25 years and will guarantee at least 80% of nameplate capacity for at least 25 years. Your inverter warranty will cover defects for at least 10 years. You agree we can make warranty claims for you for your solar panels or inverter. If your order includes Powerwall(s), your Powerwall(s) are covered by the [Tesla Powerwall Limited Warranty](#). These warranties are considered part of these purchase terms.
- Remote Monitoring and Firmware Upgrades.** You agree that Tesla can access your System remotely to monitor its performance, perform diagnostics and upgrade firmware.
- Grid Services.** We might contact you about ways in which your System can support the reliability of the electrical grid and you agree we can contact you for that reason.
- Tesla Intellectual Property.** Tesla owns all patents, trademarks, copyrights, trade secrets and any other intellectual property rights associated with your System. Tesla gives you a limited, non-exclusive, license to use any software

embedded in your System solely in connection with the use and operation of your System.

11. **Limitation of Liability.** If there is a dispute, the maximum amount that either of us will have to pay the other is the price in the Price Sheet (as updated, if applicable) for anything arising out of these purchase terms. Also, neither of us will have to pay the other for any indirect damages (what lawyers call “special or consequential damages”).
12. **Governing Law.** These purchase terms are governed by the laws of the State where your System is installed.
13. **Notices.** You can find applicable lien notices, certain warnings required by law, and details of our insurance attached to these purchase terms.

14. **Agreement to Arbitrate.** *Please read this part carefully because it means you are agreeing that any unresolved dispute between you and Tesla will not be decided by a judge or jury in a public courtroom, but instead by a single arbitrator in a private arbitration.*

If you have a dispute with Tesla, Inc. or its affiliates (which we call “Tesla”) arising out of or relating to any aspect of this Agreement or your purchase of the System, please send us an email to resolutions@tesla.com, describing your dispute and how you would like it resolved. If it is not resolved within 60 days from the date of your email, you agree that your dispute can only be resolved by a single arbitrator in an arbitration administered by the American Arbitration Association (AAA) under its Consumer Arbitration Rules. This includes claims arising before you ordered your System (such as claims related to statements Tesla made about our products). We will pay all AAA fees for any arbitration, which will be held in the city or county of your legal residence. To learn more about the Rules and how to begin an arbitration, you can call any AAA office or go to www.adr.org. The arbitrator can only resolve disputes between you and Tesla, and cannot consolidate claims from others without consent from you, Tesla, and the others. You can only bring claims in arbitration against Tesla in your individual capacity and not as a plaintiff or class member in any class or representative action (and the same is true for Tesla). If a court or arbitrator decides that any part of this agreement to arbitrate cannot be enforced as to a specific claim for relief or remedy (such as what lawyers call “injunctive” or “declaratory” relief), then that claim or remedy (and only that claim or remedy) will be carved out of the arbitration and can be filed in court; all other claims must be arbitrated. If you prefer, you can take your individual dispute to a small claims court instead. If you don’t want to agree to arbitration, you can “opt out” of arbitration by sending us a letter within 30 days after placing your initial order for your System. Please send the letter to Tesla, Inc.; P.O. Box 15430; Fremont, CA 94539-7970 and include your name, your order number, the name of the product you ordered, and a statement explaining your desire to opt out of arbitration. If you do not opt out, your agreement to arbitrate overrides any different arbitration agreement between us, including any arbitration agreement in a lease or finance contract.

Notwithstanding this provision, the Contractor shall have the right to substitute System equipment without Customer's agreement, so long as that substitution adds no extra cost to the project and does not materially affect the System's performance. The Contractor's failure to comply with the requirements of this paragraph does not preclude the recovery of compensation for work performed based on legal or equitable remedies designed to prevent unjust enrichment.
