- Request for Optional Registration At A Weight Exceeding the GVWR (MV-1005)

WARNING: The operation of a truck loaded beyond the manufacturer's Gross Vehicle Weight Rating (GVWR) may create unsafe conditions and also void the manufacturer's warranty if damage should result from such overloading. Check with your dealer or factory representative. You should also consult your insurer concerning possible adverse effects to your insurance coverage with respect to such overloading. I/we request that the above described vehicle be registered at the gross vehicle weight (RRGW or REGGW) listed above under the provisions of Section 1016(b) of the vehicle code as amended by Act No. 8 (1980). I/we acknowledge that I have been warned by the Department of Transportation that loading my truck beyond the manufacturer's gross weight rating may damage the truck and endanger its occupants, as well as other vehicles and their occupants and pedestrians, and I/we assume all risks connected with any such overloading of the truck.

I/we acknowledge that I/we may lose my/our operating privilege(s) or vehicle registration(s) for failure to maintain financial responsibility on the currently registered vehicle for the period of registration. I/we further acknowledge that I/we may be subject to a fine not exceeding \$5,000 and imprisonment of not more than two (2) years for any false statement that I/we make on this application and I/we certify that I/we have examined and signed this form after its completion; and that if an exemption from payment of sales tax is claimed, I/we are authorized to claim this exemption. I/we further certify that all statements herein are true and correct and make application for certificate of title for the vehicle described above.
