Unless otherwise noted by an *, all dispositions reported on this 1099B were in accordance to the default disposition methods assigned to this account as of 12.31.2023:

IRS Form 1099-B—Proceeds from Broker and Barter Exchange Transactions:

The amounts in this section of your Tax Information Statement reflect proceeds from securities transactions such as sales, redemptions, tender offers, return of principal distributions, covered options and bond maturities. Short-term and long-term transactions are segregated in your 1099-B form in a format comparable to IRS Form 8949 for dispositions of covered and noncovered securities. Since your financial organization subscribes to our premium Tax and Year-End Statement, the date of acquisition, cost or other basis, type of gain or loss (short-term or long-term), whether any loss is disallowed due to a wash sale and market discount for both covered and noncovered securities transactions will be displayed when available. Such detail for noncovered transactions is not reported to the IRS.

Box 2—Type of Gain or Loss. The section headings within the 1099-B indicate the type of gain or loss for the transactions, short-term or long-term. An asterisk will denote when your security may be subject to special rules. For example, gain on a contingent payment debt instrument subject to the non-contingent bond method generally is treated as ordinary interest income rather than as a capital gain. See the Instructions for Form 8949, Pub. 550, or Pub. 1212 for more details on whether there are any special rules or adjustments that might apply to your security.

Box 12—Covered or Box 5—Noncovered Security. The section headings within the 1099-B indicate whether your security transaction is or is not a covered security under the IRS cost basis reporting program. For tax return reporting purposes, you may need to adjust your cost basis information on IRS Form 8949 and Schedule D of IRS Form 1040. You may also need to consider tax reporting rules that a reporting financial organization is not required to use when preparing your Form 1099-B, such as when reporting wash sales. As a result, you must take into account all applicable tax return reporting rules and be able to verify, from your own records, all cost basis information that is reported on your tax return. The IRS requires you to maintain all such records in case you are asked to produce them. For gifted shares where the original cost is greater than the fair market value, if you elect to include these shares in the average calculation, you must instruct your investment professional in writing to move these shares from fair market value to the average calculation.

Box 1a—Description and Quantity. Shows a brief description of the item or service for which the proceeds are being reported, as well as the number of shares included in the sale or exchange for the lot reported. If fractional shares are part of the disposition, those shares will be displayed to four decimal places.

CUSIP. Broker transactions may show the Committee on Uniform Security Identification Procedures (CUSIP®) number of the item reported.

Box 3—Qualified Opportunity Fund (QOF). This indicator will be displayed next to the CUSIP if the proceeds are from the disposition of a QOF.

Box 1b—Date Acquired. This box represents the date you acquired the security or, for short sales, the date you opened the short sale. You may see the word VARIOUS displayed in this column if the disposition transaction includes multiple lots with various acquisition dates.

Box 1c—Date Sold or Disposed. Shows the trade date of the sale or exchange. For short sales, the date shown is the date you closed the short sale.

IRS Form 1099-B—Proceeds from Broker and Barter Exchange Transactions (continued):

Box 1d—Proceeds. The proceeds amount from transactions involving stocks, bonds, and other debt obligations are reported in Box 1d. These amounts do not reflect net profits and are net of transaction costs. The proceeds amount may also be increased by an option premium received or decreased by an option premium paid. Report the proceeds from each transaction separately on IRS Form 8949 (Sales and Other Dispositions of Capital Assets) and IRS Form 1040, Schedule D (Capital Gains and Losses). This box does not include proceeds from regulated futures or foreign currency forward contracts.

Box 1e—Cost or Other Basis. This box shows the reportable cost basis which may be adjusted for a corporate action, fixed income adjustment, gifted or inherited cost basis, etc. The IRS provides a detailed description of cost or other basis reporting in the Instructions for Form 1099-B, available at [irs.gov](https://www.irs.gov).

Basis on Bonds. For covered bonds, Pershing reports the adjusted cost basis inclusive of amortization of bond premium, OID, acquisition premium, NQSI and the accretion of market discount depending on taxpayer election. The adjusted cost basis for a noncovered bond is calculated without consideration of your elections and may not be the same method you chose when deciding to amortize or accrete. You or your tax professional should verify the amounts that have been previously calculated to adjust the cost basis of the bond and reported throughout the life of the bond starting with the original purchase price.

Adjustments—The adjustment column may display one or more of codes D, O or W:

Box 1f—D = Accrued Market Discount. An adjustment code (D) will be displayed next to an amount for accrued market discount. A market discount condition exists when the purchase cost of a bond is below the adjusted issue price of an original issue discount bond (OID bond) or below the redemption value of a non-OID bond. For details on market discount, see Schedule D (Form 1040) instructions, Instructions for Form 8949 and Pub. 550.

O = Option Premium (Not Reportable to the IRS). An adjustment code (O) will be displayed next to the amount for an option premium within the Adjustment column. When stock is sold based upon the assignment of either a put or a call option, the proceeds of that sale are adjusted by the price of the option or the option premium.

Box 1g—W = Wash Sale Loss Disallowed. An adjustment code (W) will be displayed next to an amount for a disallowed wash sale loss within the Adjustments column. This loss is reported as disallowed because the sale of the covered security has been adjusted under the broker wash sale rule. This occurs when you re-purchase the identical security, as determined by CUSIP number, in the same account within the 30-day period preceding or following the date of the original loss. The wash sale loss is displayed within Box 1g as a positive amount as required by the IRS. For details on wash sales, see Schedule D (Form 1040) instructions, Instructions for Form 8949 and Pub. 550.

Realized Gain or (Loss). The realized gain or loss for the transaction may be displayed. It is not reported to the IRS.

Sale Date Total. If you sell or dispose of multiple tax lots on the same date, you may see a line item with SALE DATE TOTAL noted. The totals provided in this line item are an aggregate of the lots listed above the total line when the security and sale or disposed dates are the same. For this total, the word VARIOUS will be displayed in the Date of Acquisition column, since the total includes multiple lots with different acquisition dates. These total amounts are included to assist you with the completion of IRS Form(s) 8949.

Income Tax Withholding: If federal or state income taxes were withheld from your proceeds amounts, they will be reported and displayed in this section.

Quantity. This quantity is for reference purposes only and is the total number of shares that may have been split and reported in earlier 1099-B sections.

Proceeds. This amount is for reference purposes only. It represents the total proceeds for a sale or exchange. If a sale or exchange included multiple lots, the proceeds amount is reported at the lot level in the appropriate 1099-B section.

Date Sold or Disposed. This box shows the trade date of the sale or exchange.

Box 4—Federal Income Tax Withheld. Federal income tax withheld is 24% of gross proceeds. See the Additional Information section of these instructions.

Box 14—State. Displays the two-letter postal abbreviation of the state(s) for which state income taxes have been withheld.

Box 15—State ID Number. Displays the payer's state identification number(s).

Box 16—State Tax Withheld. Displays the amount of state income tax(es) withheld.

Foreign Tax Paid. This box shows foreign tax paid. You may be able to claim this tax as a deduction or a credit on your IRS Form 1040. See the Additional Information section of these instructions. This amount is not reported to the IRS.

The IRS requires us to remind taxpayers that you are ultimately responsible for the accuracy of your tax return.

IRS Form 1099-DIV—Dividends and Distributions:

Dividends and other distributions from corporations, mutual funds, Exchange Traded Funds (ETFs) (treated as mutual funds for tax purposes), Unit Investment Trusts (UITs), and Real Estate Investment Trusts (REITs) are reported in this section of your Tax Information Statement. Income derived from money market funds will also be reported in this section. You will receive a separate IRS Form 1099-DIV directly from a money market fund if we did not handle the processing of your funds for the entire year.

Box 1a—Total Ordinary Dividends. Ordinary dividends, which include any net short-term capital gains from a mutual fund, are fully taxable. Ordinary dividends paid by corporations, mutual funds, and certain UITs are included in this section of your Tax Information Statement. Subtotals for U.S. and foreign source ordinary dividends are included at the end of this section. For mutual funds and UITs, foreign income includes any distribution that is comprised in whole or in part of foreign-sourced ordinary dividends. Report total ordinary dividends on IRS Form 1040. Also report them on IRS Form 1040 Schedule B, if required.

Box 1b—Qualified Dividends. This shows the portion of the amount in Box 1a that may be eligible for reduced capital gains rates. See the Form 1040 instructions for how to determine this amount. Report the eligible amount as a dividend on IRS Form 1040.

Box 2a—Total Capital Gain Distributions. This shows total capital gain distributions (long-term) from a regulated investment company (RIC) or REIT. Report the amounts shown in Box 2a on Schedule D (Form 1040). But, if no amount is shown in Boxes 2b, 2c, 2d, and 2f and your only capital gains and losses are capital gain distributions, you may be able to report the amounts shown in Box 2a on IRS Form 1040 rather than Schedule D. See IRS Form 1040 instructions.

Additional Written Statement—Widely Held Fixed Investment Trusts (WHFITs) and Widely Held Mortgage Trusts (WHMTs):

Reporting requirements for widely held fixed investment trusts (WHFITs) require us to report certain specific information regarding items of gross income and expense to trust interest holders for the calendar year on IRS Form 1099. Unit investment trusts (UITs), royalty trusts, mortgage-backed securities and commodity trusts are all considered WHFITs. In addition to the information reported on IRS Form 1099, we are also required to furnish trust interest holders with an additional written statement with certain detailed information by March 15, 2024. Income and interest declared on these investments in October, November or December 2023 is considered received on December 31, 2023, even if the income and interest was not actually paid until January or February 2024. An explanation of items included on the Additional Written Statement is provided below.

Period Principal Paid or Proceeds of Sale. This represents the principal distributed to record date holders or the proceeds of a sale net of accrued interest. This amount includes redemption and sales proceeds and redemption and sales asset proceeds. It also includes principal payments that completely retire a debt instrument (other than a final scheduled principal payment) and pro rata partial principal prepayments. The amount should be reported on IRS Form 1040, Schedule D.

Cost/Purchase Price. This represents the cost of a purchase (the amount paid for the units, including brokers' commissions for the fair market value of such units on the date they were distributed) net of accrued interest.

Gross Interest. This represents the amount of interest distributed to you or received as accrued interest on sales.

Investment Expenses. This amount represents your share of investment expenses paid by the trust.

Market Discount Fraction. This is the ratio used to compute your market discount income or premium amortization for the year. Amortization of bond premiums is deductible on IRS Form 1040, Schedule A. If you claim a deduction for amortization of premiums for bonds acquired after October 22, 1986, but before January 1, 1988, the deduction is treated as an interest expense and is subject to the investment interest limitations. Use IRS Form 4952 (Investment Interest Expense Deduction) to compute the allowable deduction. For taxable bonds acquired after 1987, you can elect to amortize the bond premium over the life of the bond. See IRS Publication 550 for more information.

Income Adjustment. You must increase or decrease your taxable income by the amount of this premium or discount on purchases for your account.

Adjusted Basis Percentage. This represents the ratio of the principal distribution over the principal balance at the start of the year. Use this ratio to determine the portion of your adjusted basis that represents return of principal. It should be used to compute gain or loss on Schedule D of IRS Form 1040.

Original Cost Basis. This represents the amount that you originally paid for the units, including brokers' commissions or the fair market value of such units on the date they were distributed. The amount should be used to compute gain or loss on IRS Form 1040, Schedule D.

Cost Basis Factor. Use the Cost Basis Allocation Factor provided to allocate a portion of your cost basis in the WHFIT (what you paid for the WHFIT, less any reinvested dividend or capital gains distributions) to each sale or disposition to determine any attributable and reportable sales proceeds and realized gains or losses on Schedule D of IRS Form 1040.

Please refer to Pershing's Tax Guide at bny.mn/taxresources for additional information regarding WHFITs and WHMTs and consult your tax professional regarding the proper reporting of income and expenses for WHFITs and WHMTs.

Tax Information Statement Instructions (continued):

FATCA Filing Requirement. Pershing LLC meets FATCA reporting requirements through IRS Form 1042S Foreign Person's US Source Income.

Electronic Delivery. The IRS allows for the electronic delivery (eDelivery) of 1099 forms, and Pershing offers electronic delivery of this Tax Information Statement. Benefits include faster and more secure access to most tax forms. If you would like to receive eDelivery, and go paper free, please contact your advisor or financial organization for more information.

Nominee Recipients. If your truncated Social Security number or Employer Identification Number is shown on your Tax Information Statement, and the statement includes amounts belonging to another person, you are considered a nominee recipient. Generally, you must file IRS Form 1099 for each of the other owners, showing the income allocable to each. File the applicable IRS Form 1099, along with IRS Form 1096 (Annual Summary and Transmittal of U.S. Information Returns), with the IRS center in your area. List yourself as the payer on IRS Form 1099 and as the filer on IRS Form 1096. List the other owner(s) as the recipient(s) on IRS Form 1099. You must provide a copy of each IRS Form 1099 you file to the other owner(s). Spouses are not required to file a nominee return to show amounts owned by their spouse.

Payer. The payer for all transactions on your Tax Information Statement is Pershing LLC (Taxpayer Identification Number 13-2741729). This name and Taxpayer Identification Number should be listed wherever the payer's name is requested on an IRS form with respect to amounts reported on your Tax Information Statement.

Corrections. Please review your Tax Information Statement. If it is incorrect, contact your advisor or financial organization. If necessary, we will promptly correct the information provided to the IRS and mail a Revised Tax Information Statement to you. After the initial mailing, revised statements will begin mailing in February and will be mailed at least weekly from March through the end of June. If an income correction is made to your account after issuing your tax statement and the correction is an increase or decrease of less than \$100 of income, we may not send you a revised tax statement. If you would like to receive revisions that are less than \$100, please contact your investment professional.

Federal Income Tax Withheld. Federal income tax withheld is 24% of interest, dividends and proceeds from broker and barter exchange transactions, and could be reported in any of these sections of your Tax Information Statement. Backup withholding applies when certain conditions exist. If this Tax Information Statement reflects backup withholding, you may need to provide a new IRS Form W-9 (Request for Taxpayer Identification Number and Certification). See IRS Form W-9 for information on backup withholding and how to furnish your Taxpayer Identification Number.

State and Local Tax Reporting. We are required to provide information to a number of state and local jurisdictions. We report information to California, Connecticut, Massachusetts, Minnesota, New York and Rhode Island concerning municipal bond interest income earned by state residents from bonds not issued by these states. We report certain 1099 information directly to Delaware, District of Columbia, Maine, Massachusetts, Mississippi, Montana, Oregon and Rhode Island. For 2023, we withheld, remitted and reported state income tax for California, Maine and Vermont according to the requirements of those states. We also provided tax information to Puerto Rico as required by the Puerto Rico taxing authority. Check with your tax professional for your specific state and local tax reporting requirements.

Cost Basis Adjustments. There are times when your cost basis reported from a broker will not match your calculations for reporting purposes. IRS Form 8949 allows you and the IRS to reconcile amounts that were reported to you and the IRS on IRS Form 1099-B with the amounts you report on your return.

Important Note Concerning Cost Basis. Your original cost basis for each security affects much of the reporting in this document. You should pay special attention to the basis of any item where we received the basis from you or a third party. If the original basis shown in this tax document is not correct, then the results of our calculations will likewise produce incorrect results. The IRS requires us to remind you that the taxpayer is ultimately responsible for the accuracy of your tax return.

Form 2439. If you held shares in a mutual fund or REIT that paid tax on undistributed long-term capital gains, we will issue IRS Form 2439 (Notice to Shareholder of Undistributed Long-Term Capital Gains) to you. This information is provided after the close of the mutual fund's or the REIT's tax year and will be sent to you shortly after the information becomes available.

Foreign Tax Paid. Your Tax Information Statement may include foreign tax paid (withheld) from foreign source dividends and interest credited to your account during 2023. This information allows you to calculate and claim a foreign tax credit or deduction on your tax return, if you are eligible to do so. A foreign tax credit can be claimed either on IRS Form 1116 (Foreign Tax Credit) or, in some circumstances, by reporting it directly on IRS Form 1040, Schedule A (Itemized Deductions). See instructions for both IRS Form 1116 and IRS Form 1040 for additional information on foreign tax credits and deductions. Foreign tax paid is reported in the Form 1099-INT and Form 1099-DIV sections of your Tax Information Statement. A foreign tax credit may be claimed only if the tax was legally owed and not eligible for a refund.
