This is an information statement. This is not a bill or a notice of refund. Keep for your records.

Instructions to Recipients

Box 1 Interest. This box shows taxable interest paid or credited to you by the Utah State Tax Commission. If an interest amount shows, report it as interest income on your federal income tax return. See federal instructions for information on taxable income.

Box 2 Refund reported to the IRS. The "Total" amount in this box shows refunds, credits, or offsets of state income tax you received during the calendar year noted at the top of this form. If refunds were issued for multiple tax years, the tax years and refund amounts will be listed separately. All or part of the amount(s) in Box 2 may be taxable to you if you deducted state income tax paid on Schedule A (form 1040). Even if you did not receive a refund check in the amount shown, it may be taxable if it was deducted. For example, if all or a portion of your refund was offset to (credited to) another state tax liability, the amount may be taxable if it was deducted.

Box 3 Itemized listing. This box itemizes how the refund reported in Box 2 was distributed. All or part of your refund may have been distributed to pay a debt you owe the federal, state or local government, such as tax liabilities, outstanding parking tickets, student loans, or child support payments. All or part may have been distributed to pay the amount of Use Tax, Voluntary Contributions, or Recapture of Low Income Housing Credit reported on your state income tax return. The refund amount in Box 2 may still be taxable income, even though all or part of it was distributed to pay a liability or a contribution. See federal instructions for information on taxable income.
