Important Tax Information

Under federal health reform law, individuals must have health insurance called minimum essential coverage. They must report this to the Internal Revenue Service (IRS) when they file their taxes. If they don't have coverage or it's not reported, they may have to pay a fee to the IRS. To show the IRS that you had coverage with UnitedHealthcare, we are sending Form 1095-B.

What is minimum essential coverage?

Minimum essential coverage may include health insurance through a government-sponsored program, eligible employer-sponsored plan, individual market plan or other coverage designated by the Department of Health and Human Services. Your UnitedHealthcare plan is minimum essential coverage.

What is Form 1095-B?

This is the IRS form you will use when you prepare your tax return to show you had minimum essential coverage. The form shows this information about your health insurance:

- Type of coverage you had
- Period of coverage
- Who was covered (including dependents)

Why did you get more than one Form 1095-B?

You may have been covered under more than one policy during the year. You will get a separate Form 1095-B for each policy.

How will the IRS know who had minimum essential coverage?

Under IRS rules, health insurance issuers, such as UnitedHealthcare, must report who had coverage to the IRS. The IRS matches the information we send with the information taxpayers put on their tax return to determine who had minimum essential coverage.

Will dependents over age 18 covered under your plan get a separate copy of this form?

Dependents over age 18 covered under your plan will **not** get a separate copy of Form 1095-B. You should give a copy to individuals covered under your plan, if they need it for their records.

What if you had minimum essential coverage with another company?

You should receive a form 1095 from any other company that provided you minimum essential coverage.

What if you didn't have minimum essential coverage for the entire year?

If you didn't have minimum essential coverage for the entire year, you may have to pay a fee when you file your tax return. If you had a gap in coverage for less than three months, you may not have to pay a fee. If the gap was longer than three months and you couldn't afford coverage, you may qualify for an exemption. For more information on exemptions, visit HealthCare.gov.

Can you get this form electronically?

We encourage you to choose to get this form electronically. For more information about electronic delivery, please visit uhcsr.com/myaccount.

Will this form be sent again next year?

You will get a form 1095 every year (to use when preparing your tax return) from any company that provided you minimum essential coverage.

Social Security Number Request Form

Important Tax Information

Under the federal health reform law, individuals must have health insurance called minimum essential coverage. Your UnitedHealthcare plan is minimum essential coverage. We must report this to the Internal Revenue Service (IRS). To report, we need Social Security numbers for all members covered under your health plan. If you didn't have coverage or it's not reported to the IRS, you may have to pay a fee when you file your taxes.

Here's what to do:

Below is a list of members covered under your plan who do not have a Social Security number on file with us. If anyone covered under your plan is not listed, it is because we already have their Social Security number.

For each member listed:

- **If the member has a Social Security number:**
Write the Social Security number in the column called "SSN" on the same line with that person's name.
- **If the member does not have a Social Security number:**
Place a check mark in the column called "Does Not Have an SSN" on the same line with that person's name.

<u>Name</u>	<u>Date of Birth</u>	<u>SSN</u>	<u>Does Not Have an SSN</u>
NAGARJUNA YADAV GONGATI	08/02/1992		

Certification: I certify that the information included above is complete and accurate, including any information about an individual(s) who does not have a Social Security number (SSN) or individual taxpayer identification number (TIN) used by the IRS in the administration of U.S. tax law.

Form **1095-B** (2016)

Instructions for Recipient

This Form 1095-B provides information needed to report on your income tax return that you, your spouse (if you file a joint return), and individuals you claim as dependents had qualifying health coverage (referred to as "minimum essential coverage") for some or all months during the year. Individuals who don't have minimum essential coverage and don't qualify for an exemption from this requirement may be liable for the individual shared responsibility payment.

Minimum essential coverage includes government-sponsored programs, eligible employer-sponsored plans, individual market plans, and other coverage the Department of Health and Human Services designates as minimum essential coverage. For more information on the requirement to have minimum essential coverage and what is minimum essential coverage, see www.irs.gov/Affordable-Care-Act/Individuals-and-Families/Individual-Shared-Responsibility-Provision.

Providers of minimum essential coverage are required to furnish only one Form 1095-B for all individuals whose coverage is reported on that form. As the recipient of this Form 1095-B, you should provide a copy to other individuals covered under the policy if they request it for their records.

Part I. Responsible Individual, lines 1–9. Part I reports information about you and the coverage.

Lines 2 and 3. Line 2 reports your social security number (SSN) or other taxpayer identification number (TIN), if applicable. For your protection, this form may show only the last four digits. However, the coverage provider is required to report your complete SSN or other TIN, if applicable, to the IRS. Your date of birth will be entered on line 3 only if line 2 is blank.

If you don't provide your SSN or other TIN and the SSNs or other TINs of all covered individuals to the sponsor of the coverage, the IRS may not be able to match the Form 1095-B with the individuals to determine that they have complied with the individual shared responsibility provision.

Line 8. This is the code for the type of coverage in which you or other covered individuals were enrolled. Only one letter will be entered on this line.

- A. Small Business Health Options Program (SHOP)
- B. Employer-sponsored coverage
- C. Government-sponsored program
- D. Individual market insurance
- E. Multiemployer plan
- F. Other designated minimum essential coverage

If you or another family member received health insurance coverage through a Health Insurance Marketplace (also known as an Exchange), that coverage will generally be reported on a Form 1095-A rather than a Form 1095-B. If you or another family member received employer-sponsored coverage, that coverage may be reported on a Form 1095-C (Part III) rather than a Form 1095-B. For more information, see <https://www.irs.gov/Affordable-Care-Act/Questions-and-Answers-about-Health-Care-Information-Forms-for-Individuals>.

Line 9. Reserved.

Part II. Information about Certain Employer-Sponsored Coverage, lines 10–15. If you had employer-sponsored health coverage, this part may provide information about the employer sponsoring the coverage. This part may show only the last four digits of the employer's EIN. This part may also be left blank, even if you had employer-sponsored health coverage. If this part is blank, you do not need to fill in the information or return it to your employer or other coverage provider.

Part III. Issuer or Other Coverage Provider, lines 16–22. This part reports information about the coverage provider (insurance company, employer providing self-insured coverage, government agency sponsoring coverage under a government program such as Medicaid or Medicare, or other coverage sponsor). **Line 18 reports a telephone number for the coverage provider that you can call if you have questions about the information reported on the form.**

Part IV. Covered Individuals, lines 23–28. This part reports the name, SSN or other TIN, and coverage information for each covered individual. A date of birth will be entered in column (c) only if the SSN or other TIN isn't entered in column (b). Column (d) will be checked if the individual was covered for at least one day in every month of the year. For individuals who were covered for some but not all months, information will be entered in column (e) indicating the months for which these individuals were covered. If there are more than six covered individuals, see Part IV, Continuation Sheet(s), for information about the additional covered individuals.
