Important Tax Information

Under federal health reform law, individuals must have health insurance called minimum essential coverage. They must report this to the Internal Revenue Service (IRS) when they file their taxes. If they don't have coverage or it's not reported, they may have to pay a fee to the IRS. To show the IRS that you had coverage with UnitedHealthcare, we are sending Form 1095-B.

What is minimum essential coverage?

Minimum essential coverage may include health insurance through a government-sponsored program, eligible employer-sponsored plan, individual market plan or other coverage designated by the Department of Health and Human Services. Your UnitedHealthcare plan is minimum essential coverage.

What is Form 1095-B?

This is the IRS form you will use when you prepare your tax return to show you had minimum essential coverage. The form shows this information about your health insurance:

- Type of coverage you have
- Period of coverage
- Who was covered (including dependents)

Why did you get more than one Form 1095-B?

You may have been covered under more than one policy during the year. You will get a separate Form 1095-B for each policy.

How will the IRS know who has health insurance?

Under IRS rules, health insurance issuers, such as UnitedHealthcare, must report who had coverage to the IRS. The IRS matches the information we send with the information taxpayers put on their tax return to determine who had minimum essential coverage.

Will dependents over age 18 covered under your plan get a separate copy of this form?

Dependents over age 18 covered under your plan will **not** get a separate copy of Form 1095-B. You should give a copy to individuals covered under your plan, if they need it for their records.

What if you had minimum essential coverage with another company?

You should receive a form 1095 from any other company that provided you minimum essential coverage.

What if you didn't have minimum essential coverage for the entire year?

If you didn't have minimum essential coverage for the entire year, you may have to pay a fee when you file your tax return. If you had a gap in coverage for less than three months, you may not have to pay a fee. If the gap was longer than three months and you couldn't afford coverage, you may qualify for an exemption. For more information on exemptions, visit HealthCare.gov.

Can you get this form electronically?

We encourage you to choose to get this form electronically. For more information about electronic delivery, please visit myuhc.com.

Will this form be sent again next year?

You will get a form 1095 every year (to use when preparing your tax retum) from any company that provided you minimum essential coverage.

Questions?

If you have any questions, please call us toll-free at the phone number on your health plan ID card. TTY users can dial **711**.
